OBJECT IN PLACE  
  
THREE LENGTHS  
TO KEEP YOU OUT OF  
THE LINE OF FIRE

12"

24"

36"

The force sustained when striking an object can cause life altering injuries to a worker's hands if placed in the impact area. The HoldIt™ extends a worker's reach, keeping hands and fingers at a safe distance while securing a striking wrench, large diameter pin or other object.

# Tech SPECS

**HoldIt**<sup>®</sup>  
HAND SAFETY TOOL

## HANDLE DESIGN

- Cam buckle trigger mechanism allows for quick adjustment and secure holding
- Ergonomic design of handle prevents slippage
- Integrated 4" hand guard acts as a barrier to protect hands and fingers
- End loop can be used as a convenient pull and wrist strap

## HEAD DESIGN

- End cap securely holds object in place
- Adjustable loop to securely hold a variety of objects from 0.75" up to 6" in diameter (depending on model)
- Loop made from strong yet lightweight polyester webbing offering low stretch and resistance to abrasion, UV rays, and water absorption

## SHAFT DESIGN

- Available in 3 convenient lengths to fit your needs
- Shaft made from lightweight UHMW material that is shatterproof and impact resistant
- Hi-Viz Orange color for maximum visibility
