

# SLING-STIK

## Grab Chain, Wire Rope and Other Control Points

### Controlling large or heavy suspended loads with a hands on approach is dangerous

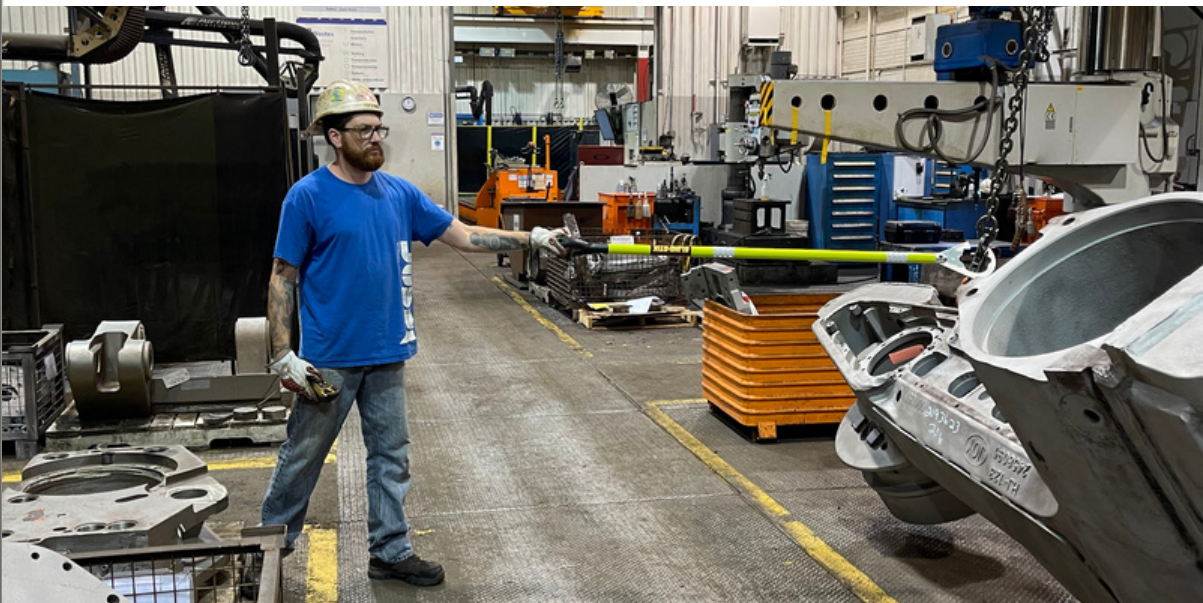

The Sling-Stik enables workers to grab onto and provide push/pull forces to precisely guide and position from a distance. The Sling-Stik permits workers to grab and hold onto chains and wire rope, as well as hard points such as welded handles, D-rings, hooks, rebar, etc.

#### Features:

- Light weight and easy to use
- D-Handle Grip
- Non-slip, abrasion resistant tool handle
- Quickly change attachments
- Multiple attachment options
- High visibility green/yellow
- Reflective bands
- Made in USA
