Woodstock Chimes® Launches Heart of Hearts™ Crystal Suncatchers in Woodstock Rainbow Makers™ Collection
Embellished with genuine Austrian crystals

SHOKAN, N.Y., November 16, 2021 – [Woodstock Chimes®](#), the leading manufacturer of musically tuned windchimes and home and garden decor, has once again expanded its immensely popular [Woodstock Rainbow Makers™](#) collection of colorful crystal suncatchers handmade in the United Kingdom, most of which feature genuine Austrian crystals. The new [Heart of Hearts™](#) Crystal Suncatchers, made with genuine Austrian crystals, feature eight heart-shaped crystals within a nickel-plated brass heart that rests below a cascade of smaller crystals. They measure 4.5 inches in overall length, 8.5 inches including the silver finish plated brass chain, and 2.5 inches in width. They come in two styles: [Chakra](#), left, which features a clear crystal heart in the center surrounded by bold, rainbow-colored crystals (SKU: HHCH), and [Confetti](#), right, which features a clear crystal heart in the center surrounded by confetti-colored crystals (SKU: HHCO).

Both retail for \$40, come ready to give with an organza gift bag and are available for immediate shipping.

“Hearts are a very important symbol in our culture, making the new [Heart of Hearts](#) suncatchers a perfect way to say get well soon, thank you or simply I love you,” said [Garry Kvistad](#), founder of [Woodstock Chimes](#) and a GRAMMY® Award-winning musician. “These suncatchers are handcrafted for us in the United Kingdom by Wild Things Gifts, a brand that is well known for fine quality in workmanship and design. We like to say that [Woodstock Rainbow Makers](#) do for light what [Woodstock Chimes](#) do for sound, sending out beautiful rainbows as the sun shines through them. We encourage retailers to display the crystals near a light source. Customers will see the breathtaking effect and retailers will see sparkling sales.”
