LOVE FOR WOOD

SIPA

Since 1974, SIPA has been exclusively producing chairs, tables, stools and wooden accessories, with artisanal techniques and spirit. A choice of continuity in tradition, but also of environmental sustainability and the search for new furnishing solutions. Faithful to the values of industriousness and conscientiousness of the Friuli territory, SIPA runs the entire production cycle in its own plant. Made from sustainable crops and reliable sawmills, the wood is seasoned for the right amount of time and then worked with wisdom and manual skill, in an ethical and safe working environment. SIPA selects the most classic woods of the Central European tradition – Slavonian Ash, Oak, Beech, Austrian Spruce – to give life to the products that are conceived alongside contemporary designers, and made according to strict criteria of quality and durability, in line with ISO 9001:2015 and ANSI/BIFMA certifications. Created to meet all contract and residential furnishing needs, the SIPA collection is part of prestigious, creative and international interior design projects, also thanks to its wide range of customisation options. This success is testified by the recent refurbishment and expansion of the SIPA plant, to offer products, services and ideas in line with the times, without ever forgetting its original passion: love for wood.

Dal 1974 SIPA produce esclusivamente sedie, tavoli, sgabelli e complementi in legno, con tecniche e spirito artigianali. Una scelta di continuità nella tradizione, ma anche di sostenibilità ambientale e ricerca di nuove soluzioni d'arredo. Fedele ai valori di operosità e coscienza del territorio friulano, SIPA gestisce nel proprio stabilimento l'intero ciclo produttivo. Proveniente da coltivazioni sostenibili e segherie di fiducia, il legno viene stagionato per il giusto tempo e poi lavorato con sapienza e manualità, in un ambiente di lavoro etico e sicuro. SIPA seleziona le più classiche essenze della tradizione mitteleuropea – Frassino di Slavonia, Rovere, Faggio, Abete rosso austriaco – per dare vita a prodotti concepiti insieme a designer contemporanei e realizzati seguendo rigorosi criteri di qualità e durata nel tempo, in sintonia con le certificazioni ISO 9001:2015 e ANSI/BIFMA. Nata per soddisfare le esigenze del contract e dell'arredo residenziale, la collezione SIPA si inserisce in progetti d'interni prestigiosi, creativi e di livello internazionale, anche grazie alle ampie possibilità di personalizzazione. Un successo testimoniato dal recente rinnovamento ed espansione dello stabilimento SIPA, per offrire prodotti, servizi e idee al passo con i tempi, senza mai dimenticare la propria passione originale: l'amore per il legno.

SIPA

The collection

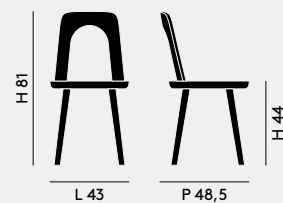

Sedia in Rovere con gambe in legno massello, schienale in multistrato e seduta in tamburato. Dall'unione di diverse tecniche costruttive nasce una sedia leggera ma resistente, caratterizzata dallo schienale che ricorda un classico elemento architettonico e dalla forma dinamica e originale della seduta. Pensata per il contract come per gli ambienti domestici, Arco è disponibile in finitura naturale o laccata, anche in tonalità su richiesta, per intonarsi a ogni gusto personale e contesto d'arredo.

An Oak chair with solid wood legs, multilayer backrest, and honeycomb core seat. The combination of different construction techniques gives rise to a light but sturdy chair. It is characterised by its backrest, reminiscent of a classic architectural design, and by the dynamic and original shape of the seat. Designed for contract as well as for domestic environments, Arco is available in natural or lacquered finish, as well as in colours on request, to suit every personal taste and furnishing context.

Sedia in Faggio o Rovere con gambe in legno massello, sedile in tamburato e schienale in massello. Nasce per unire il fascino intramontabile di una seduta in stile coloniale, con il vantaggio dell'accessibilità, senza rinunciare alla robustezza ed alla durata nel tempo. Versatile e caratterizzante, Colonial si presta ad arredare una molteplicità di ambienti contract e residenziali, in piacevole equilibrio fra modernità e memoria. Il sedile dalle forme arrotondate può essere reso ancora più comodo da un sottile cuscino.

A Beech or Oak chair with solid wood legs, honeycomb core seat and solid wood backrest. Born to combine the timeless charm of a colonial-style seat, with the advantage of accessibility, without sacrificing strength and durability over time. Versatile and distinctive, Colonial is suitable for furnishing a variety of contract and residential environments, in a pleasant balance between modernity and tradition. The rounded seat can be made even more comfortable by adding a thin cushion.

/ Colonial upholstery chair: Natural Oak + fabric 20 - 405

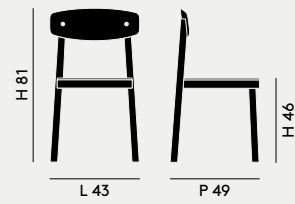

Sedia in Frassino con gambe in legno massello, schienale in multistrato e seduta imbottita. Le sue linee raffinatamente esili, in realtà nascondono una sapiente solidità strutturale, grazie all'accurata realizzazione. Le gambe posteriori, lievemente inclinate, aggiungono al suo design un tocco di ulteriore dinamismo. Leggera, durevole e versatile, Isa è perfettamente a proprio agio in situazioni contract come in ambienti residenziali. Il sedile imbottito può essere rivestito con i tessuti della collezione SIPA, oppure con stoffe su richiesta.

An Ash chair with solid wood legs, multilayer backrest and upholstered seat. Its elegantly slender lines actually conceal a skilful structural solidity, thanks to its careful construction. The slightly angled rear legs add an extra touch of dynamism to its design. Lightweight, durable and versatile, Isa fits perfectly in contract situations as well as in residential environments. The upholstered seat can be lined with fabrics from the SIPA collection, or with other fabrics on request.

La sedia Cut è caratterizzata dallo schienale, composto da fuselli di legno massiccio, tagliati in maniera netta sul lato anteriore. Una soluzione costruttiva che crea un'estetica particolare e una piacevole sensazione di comfort. Cut è realizzata in frassino e proposta nelle finiture naturale e laccata a poro aperto. Il sedile tamburato la rende leggera e facile da spostare, perciò è adatta a qualsiasi utilizzo, nel mondo contract come nell'habitat domestico.

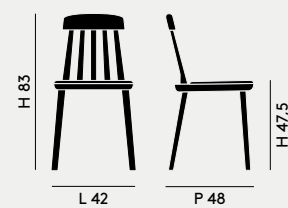

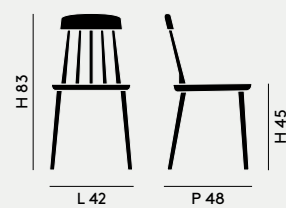

The Cut chair features a back made up of solid wood spindles cut cleanly on the front side. A constructional solution which creates a special aesthetic and a pleasant feeling of comfort. Cut is made of ash and is available in the natural and open pore lacquer finish. The sandwich panel seat makes it lightweight and easy to move so that it is suitable for any use, in contract and living spaces.

La sedia Tablet ha un design lineare e proporzioni ricercate che permettono versatile utilizzo e abbinamento in qualsiasi ambiente collettivo o domestico. È facile anche da spostare, grazie al foro nello schienale, posizionato a livello del sedile. Tablet viene proposta in versione sedia o poltroncina con braccioli. Realizzata in legno di Frassino naturale leggermente spazzolato o laccato in diversi colori, con finitura a poro aperto.

The Tablet chair has a linear design yet with sophisticated proportions which allow a versatile use and coordination in any public or home space. It's also easy to move, thanks to the hole in the back, positioned at seat level. Tablet is available in the chair version or small armchair with armrests. Made in lightly brushed natural Ash or lacquered in different colours, with open pore finish.

La sedia Milano è contraddistinta dalla forma decisa dello schienale, con una forte presenza estetica ma anche con una funzione pratica, in quanto permette una facile presa per spostarla nell'ambiente. Milano può essere realizzata in legno di Rovere Naturale, dalle caratteristiche venature, oppure in Faggio in versione naturale o tinto in diversi colori. Adatta a situazioni di arredo contemporaneo, in casa come nel contract.

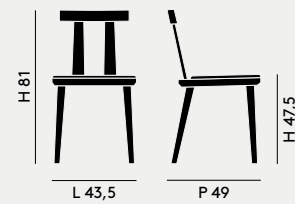

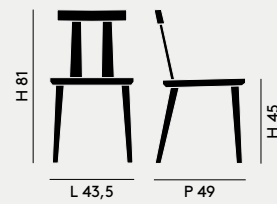

The Milano chair is characterized by the strong shape of the backrest, with a strong aesthetic presence but also with a practical function, as it allows an easy grip to move it into the environment. Milano can be made of Natural Oak wood, with characteristic veins, or Beech in natural or stained in different colors. Suitable for contemporary interiors, at home or for contract use.

Sedia e sgabello in legno di Frassino, con sedile e spalliera in multistrato curvato. Solida, ma dal peso contenuto: è una seduta molto confortevole, anche grazie alla doppia curvatura sia del sedile che della spalliera. E per una comodità ancora maggiore, è disponibile con il sedile imbottito. Le linee pulite ed essenziali di questa seduta in legno vengono valorizzate al meglio sia dalla finitura in Frassino Naturale chiaro sia dalle numerose tonalità laccate a poro aperto. È una sedia in legno pensata per il contract ma perfettamente a suo agio anche in casa, soprattutto in cucina.

Chair and stool in Ash wood, with seat and back in curved plywood. Solid, but light in weight: it is a very comfortable seat, also thanks to the double curvature of both the seat and the back. And for even greater comfort, it is available with a padded seat. The clean and essential lines of this wooden seat are enhanced to the full by both the Natural light Ash finish and the numerous open-pore lacquered shades. It is a wooden chair designed for the contract but perfectly at home, especially in the kitchen.

Sedia e sgabello in resistente legno di Frassino, con sedile e spalliera in legno massello. L'impronta del sedile è progettata e realizzata per garantire la massima comodità. È disponibile anche nella versione con il sedile imbottito. Un'originale lavorazione rende di spessore variabile la particolare spalliera curvata. Viene proposta in Frassino Naturale chiaro oppure laccato a poro aperto. Un'inedita reinterpretazione delle linee classiche caratterizza queste sedute in legno concepite per il contract ma che si distinguono anche in casa, valorizzando la sala da pranzo.

Chair and stool in resistant Ash wood, with seat and back in solid wood. The seat imprint is designed and built to ensure maximum comfort. It is also available with a padded seat. An original workmanship makes the particular curved back of variable thickness. It is available in Natural light Ash or open pore lacquered. An unprecedented reinterpretation of the classic lines characterizes these wooden chairs designed for the contract but that yes they also distinguish at home, enhancing the dining room.

La sedia Vienna si ispira ad un classico della tradizione mitteleuropea, vestendone la forma stilizzata con colori che la rendono giocosa e contemporanea, oppure mettendo in evidenza tutto il fascino del legno naturale. Un grande successo che continua nel tempo. Vienna viene proposta nelle versioni Faggio Naturale, Rovere Naturale o Abete Naturale, adatte a situazioni classiche, oppure in Faggio tinto in diversi colori ambientabili anche in contesti moderni e non convenzionali, in casa e nel contract.

The Vienna chair is inspired by a classic from the Mitteleuropean tradition, covering its stylised shape with colours which make it playful and contemporary or bringing out all the charm of natural wood. A great success which continues in time. Vienna is available in Natural Beech, Natural Oak or Natural Fir, suitable for classic environments, or in Beech stained in different colours which can also be installed in modern and unconventional spaces, at home or in contract interiors.

Proposti in tre diverse altezze, gli sgabelli Tommy formano una famiglia che si presta a creare diverse composizioni, anche giocando con diverse dimensioni e finiture, oppure trovando utilizzi singoli in un'infinità di ambienti, in casa e nel contract. Gli sgabelli Tommy sono realizzati in legno di Frassino Naturale con finitura leggermente spazzolata, oppure laccata a poro aperto in diversi colori. Disponibili anche in Rovere. L'anello poggiapiedi della versione alta è in metallo verniciato Grigio o Nero.

The Available in three different heights, the Tommy stools form a family which can be used to create different compositions, also playing with different sizes and finishes, or finding single uses in an infinity of rooms, at home or in contract interiors. Tommy stools are made of Natural Beech with lightly brushed finish or open pore lacquer finish in different colours. Also available in Oak. The footrest ring of the tall version is in Grey or Black painted metal.

Il tavolo Fold trova la sua nota caratterizzante nella lavorazione delle gambe, sagomate e sfinite, con un piacevole effetto alla vista ed al tatto. Il piano rettangolare o quadrato, dalla forma semplice e rigorosa, può essere realizzato in diverse misure, per soddisfare ogni esigenza degli ambienti domestici e contract. Fold è completamente realizzato in legno massiccio di Frassino in versione Naturale oppure laccata in diversi colori e con finitura lievemente spazzolata che ne fa apprezzare le venature.

The distinctive feature of the Fold table is the machining of the shaped and streamlined legs, with a pleasing visual and tactile effect. The rectangular or square top, with a simple and rigorous shape, can be made in different sizes to meet every home and contract need. Fold is made of solid Ash throughout in the natural version or lacquer finished in different colours and with a lightly brushed finish which brings out the veins.

Il tavolo Tree è sorretto da una struttura con quattro gambe che formano un insieme molto armonico. Si inserisce negli ambienti più diversi, in casa e nel contract, mantenendo una sua elegante identità. Tree è realizzato in legno di Frassino Naturale, con finitura leggermente spazzolata, oppure laccato con finitura a poro aperto. Disponibile con piano di forma rotonda oppure quadrata.

The Tree table is supported by a frame with four legs which form a very harmonious whole. It fits in the most widely differing spaces, at home and in contract interiors, maintaining its elegant identity. Tree is made of Natural Beech with lightly brushed finish or open pore lacquer finish. Available with round or square top.

Il tavolino Cosse prende il nome dalla parola friulana che significa "gerla", il cesto di vimini usato tradizionalmente sulle montagne. Un oggetto tradizionale che ha ispirato una forma armoniosa ed originale, realizzata con fuselli di legno sagomati che si uniscono su una base ad anello e sorreggono il piano. Cosse è realizzato completamente in legno di Frassino, Naturale o Laccato, oppure in Faggio Laccato. Grazie alla scelta fra diversi legni e colori, si presta ad una molteplicità di ambienti, da solo o in composizioni multiple, in casa come nel contract.

The Cosse side table takes its name from the Friulian word which means gerla in Italian and refers to the wicker basket traditionally used in the mountains. A traditional object which has inspired a harmonious and original shape, made with shaped wood spindles which join together on a ring base and support the top. Cosse is made of Ash throughout, with Natural or Lacquer finish, or in Lacquered Beech. Thanks to the choice of different wood types and colours, it suits multiple spaces, alone or in multiple compositions, at home or in contract interiors.

Tavolino in Rovere completamente realizzato in legno massello. La sua parola d'ordine è trasversalità: accanto a un divano o una poltrona, da solo o in composizione multiple, si inserisce negli ambienti più diversi, contribuendo a renderli più funzionali e personali. La qualità della realizzazione garantisce solidità e durata nel tempo. Concepito come un complemento versatile per il contract e la casa, Nasty è proposto in due dimensioni: diametro 45 cm e altezza 50, oppure diametro 60 cm e altezza 40 cm. Oltre che in finitura Naturale, viene proposto nelle tonalità della collezione SIPA oppure in altri colori su richiesta.

An Oak coffee table made entirely of solid wood. Its watchword is versatility: next to a sofa or an armchair, alone or in multiple combinations, it fits into the most diverse environments, helping to make them more functional and personal. The quality of the workmanship guarantees sturdiness and durability over time. Conceived as a versatile accessory for contract and home use, Nasty comes in two sizes: a diameter of 45 cm and height of 50cm, or a diameter of 60 cm and height of 40 cm. In addition to the Natural finish, it is available in the shades of the SIPA collection or in other colours on request.

T-Coffee table si distingue per le forme squadrate che accentuano la sua forte presenza. Le sue gambe lievemente inclinate riprendono il disegno della sedia T-Coffee, ma si presta anche ad essere abbinato ad altre sedie della collezione SIPA. T-Coffee table è proposto in legno di Rovere Naturale o Faggio Naturale, oppure in faggio tinto in diversi colori. Una possibilità di scelta che lo rende adatto a situazioni tradizionali o moderne, in casa e nel contract.

The T-Coffee table is distinctive in the square shape which underscores its strong presence. Its slightly tilted legs echo the design of the T-Coffee chair but it is also suitable for coordination with other chairs in the SIPA collection. T-Coffee table is available in Natural Oak or in Natural Beech or in Beech stained in different colours. A range of choice which makes it suitable for traditional or modern decors, at home or in contract use.
