

DESIGN GIOVANNI
TOMMASO GARATTONI **GEA**

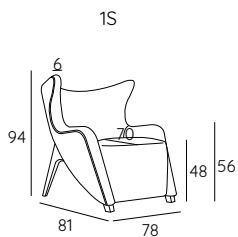

The charming 18th century bergère, revised and updated in a Bolidist key, comes back with streamlined shapes and extreme cabriole legs. Gea is manufactured by gentle hands led by a creative vanguard mind that imagined it as one of the shifting shapes generated by the colossal tempests sweeping Jupiter, a turbulent gaseous planet.

- 1 - dacron® fiber 100 gr;
- 2 - high resilience polyurethane foam of different densities;
- 3 - structural frame in beechwood;
- 4 - beechwood feet;
- 5 - elastic webbing.

SUGGESTED FABRICS:

The bielastich coatings adhere perfectly to the product
The velvets and the fake leathers dress the product with softness with small pence in the more rounded parts, which become the natural characteristic of this version.

L'affascinante bergère del XVIII secolo viene rivisitata in chiave bolidista e si ripresenta nello scenario moderno dell'abitare con forme slanciate e gambe in cabriole estremizzate nella loro funzione e nella loro presenza. Gea è plasmata da mani gentili, guidate da una mente creativa e avanguardista, che la immagina come una delle forme mutevoli generate dalle tempeste colossali di Giove, pianeta gassoso e turbolento.

- 1 - fibra di dacron® 100 gr;
- 2 - poliuretano espanso indeformabile di diverse densità;
- 3 - telaio in multistrato di legno di faggio;
- 4 - gambe in legno di faggio verniciato;
- 5 - cinghie elastiche intrecciate.
