

LEO

DESIGN **DARIA ZINOVATNAYA**

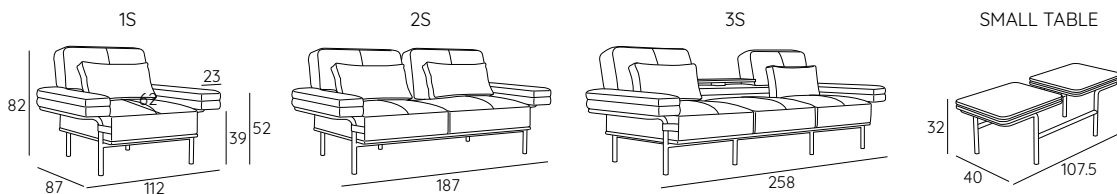

Leo has a soul connected to the Russian avant-gardes of the early 1900s. The play of full and empty spaces on the sofa lightens the visual impact and attracts the eye to investigate the shapes in detail. The rigorous geometries, materials and colors of Leo trace typical features of constructivism, alternating physical materials, i.e. the supporting structure in iron, with intellectual materials, or the use of color, which freely borders on a supremacist conception, with geometric shapes at the limit of the abstract.

- 1 - dacron® fiber 100 gr;
- 2 - high resilience polyurethane foam of different densities;
- 3 - structural frame in plywood;
- 4 - laquered base in iron.

LEO

DESIGN DARIA ZINOVATNAYA

Leo ha un'anima connessa alle avanguardie russe di inizio 900. Il gioco dei pieni e vuoti del divano alleggerisce l'impatto visivo ed attira lo sguardo ad indagare le forme nel dettaglio. Le geometrie rigorose, i materiali e i colori di Leo ripercorrono tratti tipici del costruttivismo, alternando materiali fisici, ovvero la struttura portante in ferro, a materiali intellettuali, ovvero l'uso del colore, che sconfinava liberamente verso una concezione suprematista, con forme geometriche al limite dell'astratto.

- 1 - fibra di dacron® 100 gr;
- 2 - poliuretano espanso indeformabile di diverse densità;
- 3 - telaio in multistrato di legno;
- 4 - base in metallo.
