

DESIGN **ITALO PERTICHINI** **SLY**

The full curves and wraparound form define the design of the Sly. Sly is available in two versions: with low back or high back, opening like a shell to welcome someone seeking a cozy corner or an oasis of privacy. Both versions are characterized by two small, "magical windows" - cracks that open to the outside world, but that retain discretion and privacy, closed with colored strings that break the severity of the lines with their lacing.

- 1 - dacron® fiber 100 gr;
- 2 - high resilience polyurethane foam of different densities;
- 3 - structural frame in plywood;
- 4 - natural beechwood feet.

DESIGN ITALO PERTICHINI **SLY**

Curve piene e forma avvolgente sono i tratti principali delle sedute Sly. Due le versioni disponibili: con schienale basso o schienale alto, come un guscio che si schiude ad accogliere chi cerca un angolo raccolto o un'oasi di privacy. Entrambe sono caratterizzate da due piccole "finestre magiche" chiuse con corde colorate intrecciate, fessure che si aprono sul mondo esterno, ma che conservano discrezione e riservatezza spezzando con la loro sinuosità il rigore degli schienali.

- 1 - fibra di dacron® 100 gr;
- 2 - poliuretano espanso indeformabile di diverse densità;
- 3 - telaio in multistrato di legno;
- 4 - piedi in legno di faggio naturale.
