Blood Pressure Cuffs

Bio-Cuff: Single Patient Use

A complete range of six single patient use cuffs in single and dual hose options. Colour-coded for easy identification, all Bio-Cuff designs feature soft-feel material with rounded corners. Each Bio-Cuff has clear artery and range markers, with advisory indicators to show when a smaller or larger Bio-Cuff would be the more appropriate choice.

Every Bio-Cuff single patient use cuff is clean, bright white with large easy-to-read markings, colour-coded according to size.
