

Hygienic Bags with Super-Absorbent Pads

NEW INNOVATION **ANTI MICROBIAL**

Cleanis AM26 ANTIMICROBIAL additive
A real protective shield against pathogenic microorganisms

•
ANTIBACTERIAL

•
ANTIFUNGAL

•
EFFECTIVE AGAINST CLOSTRIDIUM DIFFICILE SPORES

AM26 is active against 26 pathogenic microorganisms:

MULTI-DRUG RESISTANT ORGANISMS

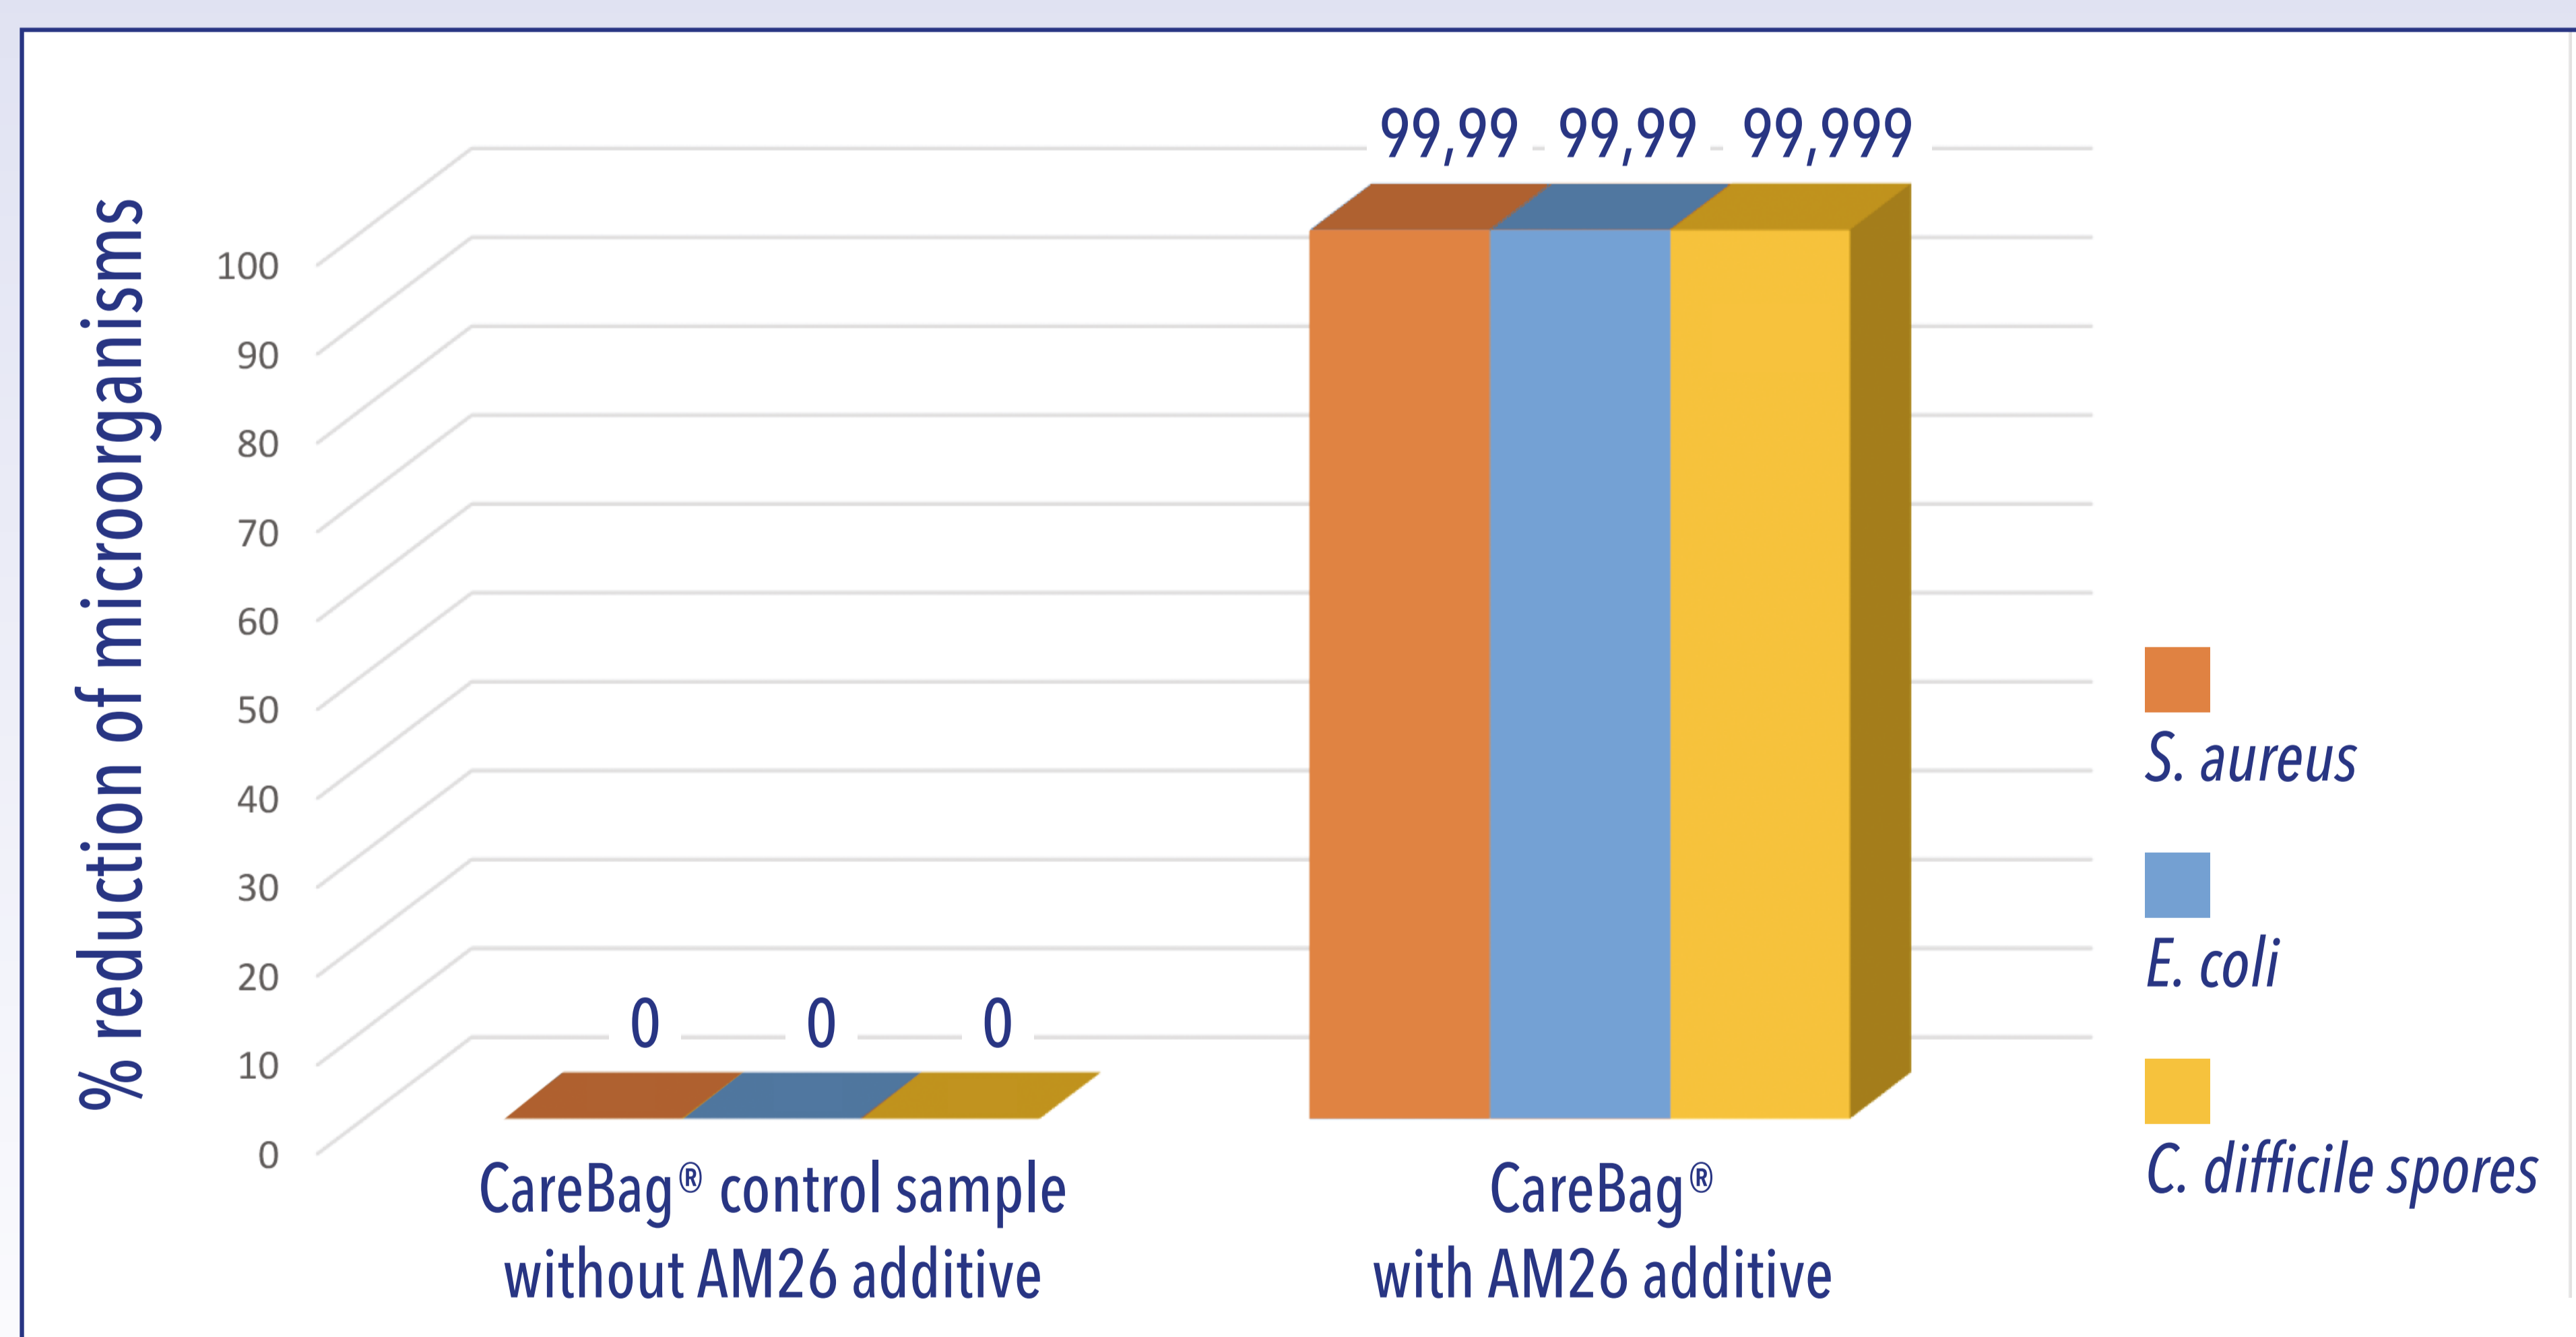

Methicillin-Resistant *Staphylococcus aureus* *Escherichia coli*

Major reduction (>4Log) of the number of the bacteria

***Clostridium difficile* SPORES**

Major reduction (>5Log) of the number of the spores

Antimicrobial efficacy of CareBag® AM26

Bedpan Liner

Vomit Bag

Men's Urinal

Toilet Bowl Liner

Cleanis AM26 additive owes its name to its antibacterial efficacy (compliant with ISO 22196: 2011), antifungal efficacy (compliant with ASTM E 2180-07) and efficacy on *Clostridium difficile* spores (according to ISO 22196 : 2011 standard). The additive is active on 25 pathogenic strains and *C. difficile* spores (*Aspergillus amstelodami*, *Aspergillus nidulans*, *Aspergillus niger*, *Candida albicans*, *Corynebacterium minutissimum*, *Corynebacterium spp*, *Enterobacter gergoviae*, *Escherichia coli*, *Escherichia coli* 0157 H7, *Klebsiella pneumoniae*, *Listeria monocytogenes*, *Mesophilic aerobes*, *Mucor racemosus*, *Myceliophthora thermophila*, *Penicillium chrysogenum*, *Proteus mirabilis*, *Proteus vulgaris*, *Pseudomonas aeruginosa*, *Pseudomonas cepacia*, *Pseudomonas putida*, *Saccharomyces cerevisiae*, *Salmonella enteritidis*, *Staphylococcus aureus*, *Methicillin-Resistant Staphylococcus aureus (MRSA)*, *Trichophyton mentagrophytes*).
