

PRO-Breathe® PVC Disposable Laryngeal Airway Range

The **PRO-Breathe®** Range

STERILE EO

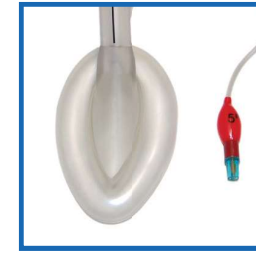

PVC Disposable Standard Laryngeal Airway shown

- Smooth integrated design constructed from a super soft PVC for optimum feel and less risk of patient trauma
- Colour coded pilot balloons, clearly marked with size
- Clearly marked inflation volume and guide lines for fast and easy insertion
- Supplied sterile to help prevent cross infection and contamination
- Latex free
- Full range of sizes available
- Available via NHS Supply Chain, call for details

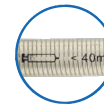

Armourflex®

Highly versatile reinforced Laryngeal Airways, ideal for head and neck surgery, as well as dental surgery. Constructed with a full length, close-wound stainless steel spring moulded into the tubing which prevents kinking, twisting and occlusion.
