IPA Surface Disinfection Wipes

REYNARD
Health Supplies
is reassurance.

IPA Surface Disinfection Wipes

Reynard's IPA Surface Disinfection Wipes are ideal for all healthcare professionals who require an effective solution to their infection control needs. The large sized wipes enable a quick and efficient disinfection to a variety of washable hard surfaces such as tables, counter tops, trolleys and stainless steel worktops.

Directions: Use the required number of wipes.
Dispose of used wipes properly; do not flush.

Product specifications and availability may vary according to country.
Always read the label and product information before use.

Supporting documentation: Full technical specifications are available upon request.
Bespoke solutions: Should your market require more or fewer wipes, lightly scented alternatives or even biodegradable wipes, for example. Let us know.
We are more than happy to develop bespoke solutions.

Disinfection

Hygienic, easy to use, convenient & efficient. Reynard IPA Surface Disinfection wipes will disinfect most hard surfaces and one easy step.

Fast and effective

Reynard Surface Disinfection Wipes are impregnated with 70% Isopropanol and a very low level of non-ionic surfactant which provides effective disinfection of clinical surfaces

Cost-effective
