

# OEM TIP KIT

## THS TIP SYSTEM cw BLUETOOTH CONTROL

PAGE 1 of 1  
OEM  
APR 2022

The THS tip kit with Bluetooth is specifically designed for truck or trailer tipping applications. The system includes the following components...

- PTO-Pump set
- IP69 Solenoid bank
- High-flow Tip valve with slow lowering
- Bluetooth pack
- Cylinder System
- Tank kit
- Wiring & Air loom kit
- National Service and Support package
- 3 Year OEM Member Warranty

The Bluetooth package is designed for “in-cab” control and comes with a hand held back up control.

The hydraulic package includes a two speed lowering function allowing full speed lowering for empty bodies or slow lowering for spreading.
