ADJUSTABLE MASK STRAP

Adjustable Mask Straps are more than just a decorative statement, they are a necessity for anyone wearing masks all day. They solve the problem of not knowing where to put masks taken off to eat, drink, or catch a breath when outside. To use it simply clip the J-Hook to the ear loop. Use the button slide to adjust the length for the perfect fit. Designed with cleanliness in mind, they are washable and designed to fit both adults and children.
