

BarriAire™ Gold Face Mask with Adjustable Ear Elastic | Style No: 3209471-1

Materials: Quilted BarriAire™ Gold composite has over 96% particulate efficiency for 0.1 micron - 1.0 micron in size. BarriAire™ Gold composite achieved a Viral Filtration Efficiency (VFE) Rating of 96.8% and a Bacterial Filtration Efficiency (BFE) Rating of 97.9% as conducted by Nelson Labs. The air permeability is 23 (the higher number, the more breathable). These superior filtration qualities are accompanied by exceptional flame resistance and durability.

Features and Benefits:

- ① Exceptional particulate filtration
- ② Adjustable Kevlar® covered elastic ear straps - 1 size fits most
- ③ Gold BarriAire™ rib knit binding around entire mask
- ④ Flat stitched front seam, sewn with gold Nomex® thread
- ⑤ 3D design with side pleats, minimizes fabric contact against nose and mouth
- ⑥ Elasticized binding beneath chin allows universal fit for various head/neck sizes, as well as forming an outstanding seal
- ⑦ Adjustable nose bridge allows tight seal around nose for better protection and minimizes fogging of glasses
- ⑧ Contoured fit against face minimizes openings for better protection
- ⑨ Low profile aids field of vision
- ⑩ Exceptional wear life - can be machine washed and dried repeatedly
- ⑪ Folds down to small size - can be stored in shirt or pants pockets and brought anywhere
