Since 1946

Consumer expectation has increased significantly during the last 5 years and change has been necessary within a demanding kitchen market to improve and differentiate standards. During these challenging economic times, Plasman has developed its product diversity and service proposition at an unprecedented rate and continues to strive for further progress as the UK's leading independent specialist distributor of kitchen surfaces.

In new developments, the introduction of revolutionary components in modular quartz and acrylic has brought an affordable higher-class finish to mainstream kitchens and our worksurface collections offer distinctive quality, yet remains best market value in a variety of material genres

We have trained in excess of 1500 installers in new techniques as the change requirement affects all aspects of the kitchen process.

Our commitment to service and customer care has remained consistent throughout the recent market turbulence and yet with 77 years of trading experience, we still continue to evolve.

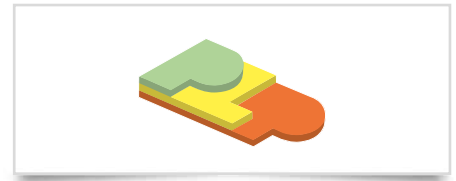

Our primary function is to provide sales and marketing, distribution and technical support to major worksurface brands.

Our mission continues to be the support of trade only customers with specialised service to business and site of consumer locations. A unique portfolio of self-install surfacing products supplied where and when you require them.

Service & Account Information

DELIVERING THE PLASMAN PRODUCT

Deliveries within 48 Hours to specified regions

Free deliveries to business locations

Managed consumer and site deliveries

Call and collect at Manchester

Trade showroom

Excellence in customer care and product management

Product design and installation training schools

Customised marketing support

We have introduced a new breed of efficient 5.5 tonne vehicles to improve the delivery experience and reduce our carbon footprint. Smaller and more nimble than the industry norm, they can deliver a substantial 2.4 tonne payload and are the ideal solution where site or domestic access is often difficult. The new vehicle can effectively deliver worktops up to 5.2m in length and its unique lower deck design improves handling ergonomics for both customer and driver.

Business Deliveries

Deliveries to our normal distribution regions are free of charge.

Please ensure you have staff ready to receive your delivery on the allocated day; or inform us of charges to your circumstances prior to delivery. The consequences of not being able to offload bulk components can severely impair our schedule often incurring cost and damage. We require one person to be able to assist in the unloading of goods and in the case of Maxtop and Mirostone, two people are required due to the additional weight.

Consumer and Site Deliveries

Plasman specialise in deliveries to customer and site locations on behalf of our trade clients.

Please ensure the location is accessible for a large vehicle and personnel are available to assist in unloading on the allotted delivery day.

Deliveries are to kerbside only.

Small delivery charges apply: please contact our sales office for details.

Service Information

Plasman operates its own fleet of specialist vehicles and drivers for maximum quality of service.

We discourage the use of external carriers for bulky kitchen components and flooring which can often result in damages or delivery failure. Should Plasman make an error in delivery, we endeavour to re-deliver within 24 hours of notification of error utilising our own specialist transport.

Traffic and weather conditions, seasonal demand and vehicle performance can occasionally affect our delivery schedules and will endeavour to keep you informed of any changes as soon as possible.

Please check goods within 48 hours of delivery to ensure there are no defects or damages. Returns cannot be made after this period of time.

All components should be checked for colour compatibility and quality prior to installation. No supporting re-fitting costs will be sanctioned if components are fitted with visible defects or colour variations.

Price Guide

Suggested Selling Price (SSP)

All prices indicated on availability schedules are suggested selling prices (not including VAT) and are subject to your **trade discount**.

Matrix Code - 045, 040 and 030 denote our trade discount structure (i.e. deduct 45%, 40% and 30% discount from SSP)

"Matrix Codes" are located on all product availability matrices.

Account Information

Account Customers (30 day net monthly)

Payment should be received within 30 days from end of month of delivery.

COD Customers

Payments must be made on delivery, otherwise goods cannot be left. Payment can be made by credit card, debit card, BACS, cash or cheque.

Pro-Forma Customers

Payment must be received before goods can be released. Payment can be made by credit card, debit card, BACS, cash or cheque.

Important Conditions

We reserve the right to change prices and specifications at any time without notice.

Please note that due to manufacturers price increases, the published suggested selling price may sometimes vary. We will notify you by email of price changes and update the published SSP in the next printed edition of the portfolio.

All stated dimensions are nominal. Please refer to our full terms and conditions which are located on every delivery note and can be found on pages 114 & 115.

Custom Made Square Edge Worksurfaces

Step 1

Sketch out the worksurface and breakfast bar shapes you want on the plan opposite. *(You can request a PDF version at sales@plasman.co.uk)* Please be sure to include decor and dimensions.

Step 2

Send the sketch to us at sales@plasman.co.uk or fax 0161 224 9961. We'll create a technical drawing for you to review and approve.

Step 3

Once you have signed off the drawing the surfaces will go into manufacture.

Step 4

Delivery will be within 4 - 5 weeks.

Light Grey Herringbone

Save time, mess and cost by using our brand new Artis Tilepanel. A range of four distinctive tile effect boards available in two sizes 3000 x 1210 x 8mm and 3000 x 600 x 8mm.

Made from HPL laminate on an MDF core, the face is engraved to create a contrasting grout line and texture.

(See product matrix on below for size & texture availability)

axiom®

40mm & 22mm LAMINATE WORKTOPS, SPLASHBACKS & UPSTANDS

Timeless kitchen worktops

The importance of our kitchen grows stronger by the day. Dining rooms are reducing in our priorities. Instead, the focus falls on large, shared spaces, on kitchen islands that bring households together, and on vibrant, bustling kitchens where everyone feels comfortable.

With Axiom®, the heart of your home will not just look exceptional, the striking design will be the true centre of family life. Thanks to the high performance and durability of the collection, your kitchen will be ready for whatever life throws at it.

Whatever your taste, there's a worktop waiting to be discovered. Enjoy a blocked wood finish, ideal for farmhouse and traditional kitchens. Consider a 22 mm marble design to put the finishing touches on your contemporary environment. Or revel in the premium feel of our abstract designs, bringing natural artistic elements into a refined and relaxed kitchen space. The result is a breathtaking collection of premium kitchen worktops assembled by the industry's leading design specialists.

The full range has been designed to ensure each palette is perfectly matched with either a 22 mm or 38 mm thickness, as well as an elegant square edge or curved profile.

Bring your vision to life with Axiom.

Woods

Whether you're creating a light, bright kitchen or an atmospheric sanctuary based on a darker palette, the natural beauty of our stunning woods range will complement your space perfectly.

Our classic blocked and planked woods offer subtle, calming effects, with a matching thickness to complete the look.

An expertly curated selection of rustic woods provides supreme flexibility for those looking for the ultimate in authenticity. Or enjoy the eye-catching appeal of our simple grains, where oaks and other traditional woods are available in a range of tones.

Nebbia Oak Timber

Danish Block Essence (38mm Square Edge)

Newcastle Oak Lumber (38mm Axis)

Walnut Butcher Block Woodland (38mm Axis)

Wide Planked Walnut Woodland (38mm Square Edge)

British Block Essence (38mm Square Edge)

Charred Timber Essence (38mm Square Edge)

WORKTOPS, SPLASHBACKS & UPSTANDS

Woods

Fresco Oak Timber (38mm Square Edge)

Beached Wood Timber (38mm Square Edge)

Authentic Formwood Scovato (22mm Square Edge)

Thai Beamwood Puregrain (38mm Axis)

Ravine Wood Lumber (38mm Square Edge)

Pale Maple Woodland (38mm Axis)

Lido Oak Timber (38mm Square Edge)

Padua Oak Lumber (38mm Axis)

Shadow Oak Puregrain (38mm Axis)

Nebbia Oak Timber (38mm Square Edge)

axiom®

40mm & 22mm LAMINATE WORKTOPS, SPLASHBACKS & UPSTANDS

Stones

Feel the cool drama of the Axiom® contemporary stones. Marbles and slates deliver a modern show-stopping moment for kitchens of any size, available in a square edge and 22 mm or 38 mm thickness, depending on the design.

If a traditional design is more your style, six classic stones offer spectacular detail with 38 mm thickness and curved edges.

Imperial White Lustre (22mm Square Edge)

Veneto Marble Satin NDF (22mm Square Edge)

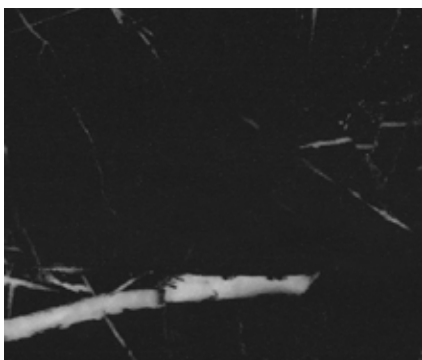

Marfil Pomice Satin NDF (22mm Square Edge)

Kirkby Slate Mortar (22mm Square Edge)

Sierra Carnico Essence (22mm Square Edge)

Nero Marquina Satin NDF (38mm Axis)

Classic Crystal Granite Etchings (38mm Axis)

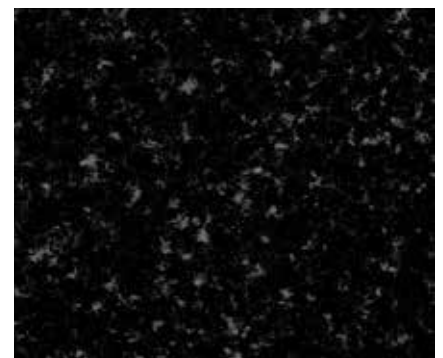

Citrine Lustre (38mm Axis)

Butterm Granite Etchings (38mm Axis)

Black Storm Gloss (38mm Linea)

Avalon Granite Black Matte 58 (38mm Axis)

40mm & 22mm LAMINATE WORKTOPS, SPLASHBACKS & UPSTANDS

Abstracts

With inspiration from nature, the platinum series and patterned designs create a look that is unique, delivering the 'wow' factor for your kitchen.

Alternatively, consider our engineered or concrete designs. There's inspiration for everyone. It's the simple way to create a statement piece that leaves you delighted every time you enter your kitchen.

prima®

40mm LAMINATE WORKTOPS, SPLASHBACKS & UPSTANDS

If you're looking for a kitchen as beautiful as it is long-lasting, the Formica Prima® Collection of 34 worktops and ten feature splashbacks offer style and simplicity.

From light woods through to warm stones and solid colours, this captivating suite of designs works with every kitchen space, bringing the latest trends and tastes into the hub of your home.

Every worktop is 38mm thick with a tight curved edge. The collection is perfectly sized with worktops available in 4.1m and 3m lengths, with matching splashbacks and upstands also available. Each one of the five stunning textures has been selected for each worktop, providing the tactility and authenticity that perfectly enhances each design.

This means you can concentrate on the job in hand: creating the dream look for your new kitchen.

Duropal worktops are easy to work with and extremely durable. They offer a wide range of decors, surface structures and core materials – making them the material of choice for modern, long-lasting and hygienic kitchen design

- 45 exciting decors available as 40mm post-formed worktops,
- 8 of those decors are duplicated in a modern 20mm square edged worktop
- 8 decors in 40mm square edged

Surface textures

BR - Brightstone

Fine gloss spots and a certain roughness of sandstone lives in the structure Brightstone. The texture is especially suitable for horizontal use in stone reproductions.

CM - Supermatt

Supermatt (CM) complements the extensive range of matt structures. Uniform and with a soft appearance, CM offers an even greater matt alternative to Semi Matt (SM/MS). Compared to Semi Matt, the puristice Supermatt has a reduced gloss level with a comparable soft, silky appearance.

CR - Corrosio

The rough, lively material structure Corrosio looks like corroded metal. An overall matt effect broken up with sharp-edges, but also softer

uneven areas, it is complemented by the shimmering silk-matt background. Directional yet universal, Corrosio can be used with almost all material and stone decors.

FG - Fine Grain

Fine Grain has a fine texture and evokes an association with ceramics and stoneware. Wood becomes tangible, gets a softer feel and a natural impression. The visual matt appearance is supported by its tactile appeal.

GR - Solid Granite

This rugged but uniform stone structure is impressive due to its great depth. Solid Granite (GR) is sharp and precise in every detail. Fine differences in height, subtle elevation breaks and the silky matt surface give an authentic and high quality impression. Classic fine structured stones, artificial stones and concrete can be impressively combined with Solid Granite.

HS - Enhanced High Gloss

High Gloss: This sophisticated, well-proportioned high gloss texture gives the highest elegance to classic wood- or stone decors. The particularly high gloss level of this texture is in a class of its own. Enhanced High Gloss: High gloss with improved abrasion resistance in HPL (only for selected decors).

MP - Miniperl

This classic, directionless pearl structure with

a medium gloss level is particularly resistant to mechanical stress and can be used universally for numerous applications and with all decor types.

MS - Enhanced Semi Matt

Semi Matt: As a classical, semi matt surface texture, this structure can be used universally. The name says it all: silky and pleasant to the touch. Enhanced Semi Matt: Matt structure with improved abrasion resistance for HPL.

NY - Natural Wood

Naturalness and precision characterise this delicate wood structure. The fine surface texture looks freshly sanded. The pores appear irregular and linear. Their different depth and edge sharpness make them look extremely authentic. Natural Wood can be universally applied to many fine-pored woodgrains. It perfectly accentuates the Scandinavian style, but also exotic- or fruit woods are given a new feel with this structure.

RT - Rustic Wood

The depth and expression of this structure give striped woodgrains a sporty look. The gloss-matt effect and the natural irregularity of the grain make woodgrains look very authentic.

SD - Sandpearl

The sandy pearl structure is homogeneous and multi-directional, the fine grain is sharp-edged and precise. The both matt and delicate surface has a modern and well-balanced appearance. It can therefore be used

universally for almost all decors.

SX - Stucotex

This modern structure with numerous material properties is like a chameleon. The craftsmanship of the material is emphasised by the matt, rough feel; momentum and generosity caused by a subtle brush stroke, which gains depth by the glossiness.

VV - Top Velvet

Top Velvet is a fine parchment structure and is universally applicable. The restrained gloss-matt effect and its discreet parchment gives class and elegance to all directionless decors.

XM - XTreme Matt

XTreme Matt impresses with a surface of unprecedented colour transparency and depth – and a pleasantly warm, velvety soft feel. Although the matt, low-reflection surface looks particularly elegant, its texture is durable, resistant and easy to clean. The warm, “soft” surface invites you to touch it – and remains resistant to fingerprints or traces of grease.

XP - XTreme plus

XTreme plus is an attractive matt surface with anti-fingerprint properties. XP impresses with its velvety soft feel and delicate appearance. The structure is extremely durable and easy to clean, making it perfect for horizontal, heavy duty applications.

mirostone®

20mm (SOLID) SOLID SURFACING WORKTOPS,
SPLASHBACKS, UPSTANDS & SINK SOLUTIONS

Impeccable solid surfaces for the home

Waterproof and hygienic

Mirostone is stable, self-supporting solid surface which requires no substrate or additional protection at joints or sink cut outs, eliminating the risk of blown joints due to moisture ingress or bacterial build up in vulnerable core materials.

Easy to maintain and user friendly, Mirostone's non-porous surface washes off every day stains with just soap and water leaving it looking as good as new.

20mm (SOLID) SOLID SURFACING WORKTOPS,
SPLASHBACKS, UPSTANDS & SINK SOLUTIONS

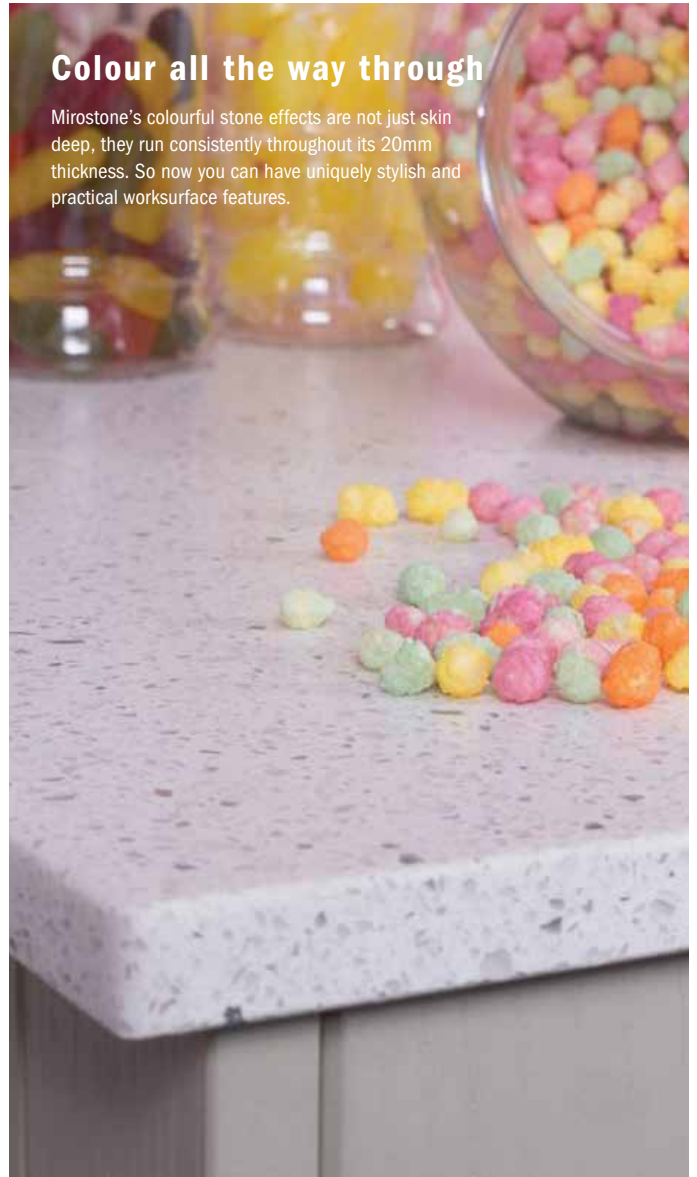

mirostone®

Ahead of the curve

Mirostone can be finished to the radii of your cabinet doors without the need for time consuming edge treatments.

Colour all the way through

Mirostone's colourful stone effects are not just skin deep, they run consistently throughout its 20mm thickness. So now you can have uniquely stylish and practical worksurface features.

Multiple use

Mirostone's unique qualities make it the perfect surface for the kitchen but it is equally at home being soaked in a busy bathroom or utility room.

For comprehensive installation, care and maintenance information please visit www.plasman.co.uk

Mirostone Sinks

Wide range of sinks, bowls and drainers

Mirostone pure acrylic sinks and bowls fully integrate with Mirostone's worksurfaces inconspicuously, leaving no overhanging rims. These features ensure a completely hygienic, easy to clean surface with a smooth, seamless look.

Drainer grooves can be graduated from 2 - 5mm to create a waterfall effect that drains away drips and splashes. All brands, materials and styles of under-mount sinks can be used in conjunction with Mirostone.

QUARTZ WORKTOPS

Made to measure quartz with Plasman

20MM & 30MM TEMPLATE
& INSTALLATION SERVICES

Our Services

Template and Installation Services

There's no need for you to do anything other than choose the look you'd like from our extensive range. We will measure up, give you design advice if you require it, and supply your new worktops.

Ensuring the perfect fit, followed by careful installation of your worktops for an amazing finish.

Manufacturing Services

Our stonemasons will manufacture your worktops to the highest levels of quality – ensuring you get your dream worktops or project.

Our knowledgeable team are passionate about the material they work with and are dedicated to providing excellent customer service.

Supply Only Services

You may already have someone ready to do your worktop installation or even want to do it yourself. With a range of beautiful worktops to choose from at excellent prices, we're more than happy to manufacture your dream worktops and to simply deliver them to your home or collect from our factory – ready to install.

Delivery Services

We work closely with local delivery services – allowing us to transport orders across the UK. From our factory to your business or customer home.

Gold Calacatta Quartz Worksurface

Frozen Quartz Worksurface

How to Order

A quotation form will be provided to be completed with the desired requirements which must be returned with a plan or fully dimensioned drawing.

We aim to quote within 24 hours. The initial quote will be valid for four weeks.

Once the quote has been confirmed, a date for templating will be organised, and a deposit and balance arranged.

Lead time

From template to installation we work from a 7 – 10 working day lead time, this would be stock dependant.

Inspection

Upon completion of the installation, we ask for the work to be thoroughly checked before the job is signed off.

Options Available

In addition to regular add on items such as upstands, splashbacks and drainer grooves, we are also able to offer a range of different edge profiles, windowsills, pop-up and standard socket cut-outs, light rails, downdraft extractor cut-outs and under polishing, if anything else is required please enquire.

Perform Panel

With easy installation, no grouting and a unique high-performance fitting system, Perform Panel gives you a seamless waterproof wall in a fraction of the time it would take to tile.

Available in 48 stylish designs Perform Panel works with any interior scheme, it works beautifully in bathrooms and in many other environments. From warm, gentle earth tones to bold urban design, Perform Panel includes a full spectrum of colour and texture.

Because Perform Panel is five times quicker to fit than tiling, large scale projects really benefit. Social housing, modular buildings, student accommodation and nursing homes are just some of the areas where using Perform Panel pays off. And it's not just bathrooms - Perform Panel is ideal for hotels, gyms, showrooms, restaurants, shops and many more environments.

The Origins Collection

Striking, contemporary designs and exceptional performance in a range of gloss high-pressure laminate panels. A spectrum of colour from bright, light hues to rich, deep tones.

Wide-ranging | Hard-wearing | Ultra-modern

Grey Bonito

The Harmony Collection

Classic colours and seductive textures combine in a collection that adds luxury to any project. The Harmony Collection includes designs ranging from understated elegance to glamorous, boutique-hotel chic.

ColorFill worktop joint sealant and worktop joint repairer has been used by tradesmen since its formation in 1997. It has been scientifically formulated and tested to resist moisture, detergent and other household products as efficiently as laminate and will withstand heat and direct sunlight. ColorFill requires no mixing so is easy to apply and is available in handy sized 25g tubes sufficient for one worktop joint.

ColorFill performs three tasks:

- Bonds the joint together.
- Seals the joint against water and domestic detergents.
- Colour matched to the worktop therefore making the finished joint appear more

mirostone®

Mirostone Gun (50ml)
(£39.26 +VAT)

Mirostone Adhesive (50ml)
(£9.35 +VAT)

Mirostone Installation Kit
(£45.50 +VAT)
16 sanding discs (3 x P150 Grit, 3 x P240 Grit, 5 x P320 Grit and 5 x P500 Grit)
Solid surface polish
Heat reflective tape (50mm x 3m)
250ml denatured alcohol
Scotch-Brite polishing pads (x2)
Lint free wipes (x3)
Micro fibre cloth
Fabrication and installation guidelines

Mirostone Care & Maintenance Kit
(£11.10 +VAT)
500ml solid surface polish
Micro fibre polishing cloth
Burgundy Scotch-Brite pad
Care and maintenance leaflet

Mirostone Waste Kit
(£16.00 +VAT)
**Waste kits are included with stainless steel sinks.
Wastes must be ordered separately with all solid surface (SS) sinks.
1 waste required for a single bowl or 0.5 bowl, 2 wastes are required for any double or 1.5 bowls.

MAXTOP

Maxtop installation kit and tooling requirements

Maxtop Quartz installation blades are manufactured in high quality vacuum brazed diamond for longevity.

Maxtop Polishing Router (70/80 grit)
12.7mm diameter shaft/13mm diameter cutting head

Maxtop Installation Kit
(£306.00 +VAT SSP)

Maxtop Jigsaw Blades
Gold - Coarse for general use

Maxtop Electroplated Diamond Hand Pads
50 grit coarse pad and 800 grit finishing pad.
For sanding quartz edge after sawing or routing process and creating a bevel. Located under flap inside installation kit box

Maxtop Hole Saws
For starting hob or sink cut-outs and tap holes (35mm should be used with Maxtop universal drill guide)

Maxtop 150mm Fine Turbo Saw Blade
12.7mm diameter shaft/13mm diameter cutting head

Maxtop undermount sink and drainer groove accessories

To add to the standard kit to form an undermount installation.

Maxtop Undermount Sink And Drainer Grooves Kit (£228.00 +VAT SSP)

- Maxtop Coarse Router
- Maxtop Drainer Groove Router
- Maxtop Polishing Drainer Groove Pads

Maxtop Universal Drill Guide
(£54.50 +VAT SSP)

Maxtop Adhesive Glue Gun
(£39.26 +VAT SSP)

Maxtop Coarse Router (20/30 grit)
(£40.80 SSP)
12.7mm diameter shaft/
10mm diameter cutting head

Maxtop Polishing Drainer Groove Pads
(£43.35 SSP) each
100,200,400 and 800 grit

Maxtop Drainer Groove Router
(£26.78 SSP) each
40 grit (12.7mm shaft) coarse blade for provisional groove. 70/80 grit (12.7mm shaft) polishing blade

Maxtop 50ml Adhesive
(£33.50 +VAT SSP)

Choosing your surface...

Every effort has been made to achieve faithful representation of all products in this brochure, but due to printing limitations, the full beauty of colour and texture of surface materials can only be fully appreciated by viewing the actual material.

Visit us at **www.plasman.co.uk**

All you need to know about worksurfaces on one comprehensive website.

- order samples online**
- product range details and brochure downloads**
- installation, care and maintenance guides**
- training videos**
- marketing support**

Design, installation, care and maintenance advice...

It is important that you have a full understanding of all surfacing products within this brochure.

Installation, care and maintenance guides or DVD's should be carefully read or viewed before proceeding with any **fabrication** or **installation** work.

Visit our website for full details at **www.plasman.co.uk**

All products should be properly acclimatised and carefully checked for satisfactory quality and colour match prior to installation. Please contact us immediately if any visible defect or shade variation is found and we will authorise replacement materials.

Please **do not** install any goods showing these defects as the manufacturer **will not** accept any liability for both replacement product or re-installation costs after the goods have been worked on or fitted.

All care and maintenance guides must be passed on to the consumer as they form an integral part of the product guarantee. Incorrectly installed or poorly maintained products are not covered under the guarantee.

It is vital that the customer fully understands the product they have purchased so it aligns with their expectations.

Installation training courses...

We operate regular half day training sessions for installers of solid surface materials and strongly recommend these to dealers or fitting teams who are new to these types of products.

Training courses available:

**Max-Top
Mirostone**

All courses are free of charge

To enable you to understand more about your chosen product, we have a range of brochures, installation, care and maintenance instructions and videos available to view or download online **www.plasman.co.uk**

In these conditions the expression "the Company" means Plasman (Laminate Products) Limited.

1. GENERAL

- (i) The Company shall sell and the Purchaser shall purchase all goods and/or services in accordance with these terms and conditions. All such contracts will be subject to the overriding presumption that these terms and conditions will prevail and that any conflicting terms in subsequent documents will have no legal effect.
- (ii) No variations to these terms and conditions shall be binding unless agreed in writing between the authorised representatives of the Company and the Purchaser and no agent or employee of the Company is authorised to make any representation concerning the goods and/or services unless confirmed in writing by the Company. In entering into the contract the Purchaser acknowledges that it does not rely on any such representations which are not so confirmed.
- (iii) No order submitted by the Purchaser shall be deemed to be accepted by the Company unless and until confirmed in writing from the Company's authorised representative.
- (iv) The Purchaser shall be responsible to the Company for the accuracy of the terms of the order and for giving the Company the necessary information relating to the goods and/or services to enable the Company to perform the Contract in accordance with its terms. The Purchaser shall indemnify the Company against all loss, damages, costs and expenses incurred by the Company due to the inaccuracy of the order submitted by the Purchaser or the inability of the Company to perform the Contract for whatever reason.

2. PRICES

- (i) Unless otherwise stated prices stated are net and exclusive of VAT.
- (ii) All prices and discount rates are subject to alteration without notice and the applicable prices and discounts will be those prevailing at the date of delivery irrespective of the price and discount stated in the Company's acknowledgement.
- (iii) The Company shall be entitled to vary the price of goods depending upon the place of delivery but pallets will be supplied and charged for at the price charged by the Company at the time of delivery without variation.

3. DESPATCH AND DELIVERY

- (i) Despatch and delivery are based on the Company's best information at the time quoted but such date shall be regarded as approximate only.
- (ii) Failure to despatch or deliver at the time stated will not be sufficient cause for cancellation and the Company will not be liable for any losses, costs, damages or expenses consequential or otherwise suffered by the Purchaser.
- (iii) Where delivery is made by instalments, delay in delivering one or more instalments shall not entitle the Purchaser to refuse to accept any remaining instalments.
- (iv) Delivery shall take place when the goods are delivered to the Purchaser's premises unless the Purchaser has given the Company special instructions as to carriage or delivery in which case delivery shall take place when the goods are delivered to the order of the Purchaser.
- (v) If the Purchaser fails to take delivery of the goods and/or services or fails to give adequate delivery instructions or fails to make necessary arrangements for accepting delivery (otherwise than by reason of any cause beyond the Purchaser's reasonable control or by reason of the Company's fault) then, without prejudice to any other right or remedy available to the Company, the Company may:
 - (a) store the goods until actual delivery and charge the Purchaser for the reasonable costs (including insurance) of storage and other expenses incurred and time expended; or
 - (b) sell the goods at the best price readily obtainable and (after deducting all reasonable storage and selling expenses) charge the buyer for any shortfall below the price under the Contract.
- (vi) The Company deliver to kerb side only. It is the responsibility of the Purchaser to ensure that they have sufficient members of staff or lifting equipment to lift the products being delivered in to the premises to which they have requested delivery.

4. TERMS OF PAYMENT

- (i) Payment shall be made in full without any deduction (other than any discount rate previously agreed by the Company) not later than the end of the month following the month of the delivery.
- (ii) If payment is not made by the due date the Company may without prejudice to any of its rights under these conditions charge interest on the amount of the price then outstanding at the rate of 2.5% per annum above the base rate of The Royal Bank of Scotland PLC from time to time such interest to accrue on a daily basis until the date of actual payment, after as well as before any judgement.
- (iii) All payments are to be made on or before the due date as a condition precedent to future deliveries and where the goods are delivered in instalments payment for each instalment shall be a condition of delivery of subsequent instalments.

5. RISK AND TITLE

- (i) Goods shall remain the property of the Company until payment in full has been received by the Company for the goods and for all other goods which have been delivered by the Company to the Purchaser at the time of full payment for such former goods.
- (ii) Until such unconditional payment the Purchaser shall-
 - (a) Keep such goods in its capacity as bailee for the Company; and
 - (b) Store the goods separately and clearly identify the goods so that they can be clearly recognised as the property of the Company.
- (iii) The Purchaser may dispose of the goods in respect of which property has not passed hereunder in the ordinary course of its business as principal.
- (iv) Until such time as the title in the goods passes to the Purchaser, the Purchaser shall hold the goods as the Company's fiduciary agent and bailee and shall keep the goods separate from those of the Purchaser and third parties and properly stored, protected and insured and identified as the Company's property.
- (v) If the goods or any part thereof whether or not incorporated into other product or used as material for other products are re-sold by the Purchaser before he has made unconditional payment to the Company as aforesaid the Purchaser shall in its fiduciary capacity as agent for the Company hold all proceeds of sale in respect thereof in trust for the Company and in a separate account to be opened by the Purchaser for the purposes of receiving only the proceeds of such sales and be accountable to the Company in respect thereof.

- (vi) The Purchaser hereby assigns to the Company all rights and claims which the Purchaser may have against its own customers arising from sales to its customers referred to in sub-clause (v) above until unconditional payment has been made to the Company in full as aforesaid.

- (vii) If before property in goods has passed to the Purchaser the Purchaser is in breach of any payment obligation hereunder or enters into liquidation or suffers a receiver to be appointed the Company may give notice to the Purchaser terminating the contract forthwith whereupon the Purchaser shall at its own expense re-deliver such goods to the Company. In such cases the Company may with or without previous notice take possession of and sell the goods and is in such circumstances irrevocably authorised by the Purchaser to enter the premises on which the goods are situated and remove the same at the Purchaser's expense.

- (viii) Notwithstanding the provisions of this clause risk in all goods supplied shall pass to the Purchaser on delivery whereupon the Purchaser shall be liable for the insurance of such goods.

6. DAMAGE IN TRANSIT

Except where the Purchaser has given special instructions as to carriage or delivery and delivery has been made to the order of the Purchaser as mentioned in Clause 3 (iv) the Company will at its discretion either repair or replace free of charge goods damaged in transit or allow credit therefor on being given the opportunity to view and collect such damaged goods provided the Purchaser shall give the Company notice in writing of the extent and nature of the damage:

- (i) where goods are delivered by the Company within 2 business days of the date on which the goods were delivered, or
- (ii) where the goods are delivered by outside carriers within such times as will enable the Company to comply with such carriers conditions or carriage for the notification of such claims (if any).

7. SHORTAGES AND DAMAGED OR FAULTY GOODS

No claims for shortage or in respect of damaged goods shall be made unless the Company is notified in writing within 2 business days of receipt of the goods and given the opportunity to view and collect such damaged goods in the absence of such notification the Purchaser shall be deemed to have accepted the goods and the Purchaser is required to make payment in full in accordance with the terms of payment.

It is the responsibility of the Purchaser to check that the product is as ordered, and that there are no shade differences between all products delivered, before cutting, fitting or working on the products.

8. RETURN OF GOODS

- (i) The Purchaser shall not be entitled to return goods supplied for credit except by notification to the Company in writing within 2 days of delivery of a desire to return such goods confirmed as accepted by the Company (at its sole discretion) in writing. Any request for the return of goods must be accompanied by the invoice number and the date on which the goods were delivered.
- (ii) Where the Company accepts that the goods can be returned, such goods should be returned complete with the original packing material and any other items which may have accompanied the goods. The acceptance of any return of goods is not an admission of any defect in or damage to the goods. In such event the Purchaser shall be liable for all costs, expenses and sell-on costs of the Company.

9. WARRANTY

- (i) Save as provided in sub-clauses (ii), (iii) and (iv) of this clause all warranties, conditions, guarantees representations, express or implied, statutory or otherwise are hereby excluded, and the Company shall not be liable for any loss, damage, expense or injury, of any kind whatsoever, consequential or otherwise, arising out of or due to or caused by any defects or deficiencies of any sort in the goods supplied by the Company, and whether such defects are caused by the negligence of the Company its servants or agents or otherwise.
- (ii) The Company agrees to make good by replacement or repair, defects which arise solely from faulty materials or workmanship within a period of twelve months of delivery, provided that the Company is notified in writing of the defect within 90 days of delivery, is given the opportunity to view and collect such goods, and (if required) the goods are promptly returned free to the Company's premises.
- (iii) The Company does not exclude its liability for death or personal injury and accepts liability for any breach on the part of the Company of any undertaking as to title, quiet possession and freedom from encumbrance which may be implied by Section 12 of the Sales of Goods Act 1979.
- (iv) This clause shall not deprive a Purchaser dealing as a consumer pursuant to Section 12 of the Unf Contract Terms Act 1977 of his statutory rights.
- (v) The Company shall be under no liability in respect of defect in the Goods and/or services arising from the inaccuracy of the terms of the order from the Purchaser.
- (vi) The Company shall not be liable in respect of any defect arising from fair wear and tear, wilful damage, negligence, abnormal working conditions, failure to follow the Company's instructions (whether oral or in writing), misuse or alteration or repair of the goods without the Company's written approval.
- (vii) The Company shall be under no liability under any warranty, condition or guarantee if the price for the goods and/or services has not been paid in full by the due date for payment.

10. LIMITATION OF LIABILITY

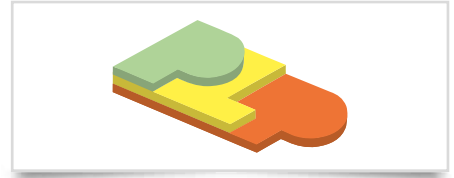

Without prejudice to sub-clauses (iii) and (iv) of Clause 9 above the amount of any damages recoverable to the Purchaser from the Company for breach of contract or negligence shall be limited to the invoice price of the goods.

11. INABILITY TO SUPPLY

- (i) Without prejudice to any other condition hereof should the manufacturers, supply or delivery of the whole or any part of the goods contracted for be interrupted, prevented or hindered by any cause or causes whatsoever beyond the Company's control the Company shall be entitled to postpone or suspend any delivery or deliveries under the contract until (in the Company's judgement) any such cause has ceased to operate. The Company shall be under no liability whatsoever in respect of such postponement or suspension.
- (ii) If delivery is delayed the Company has the option (without incurring any liability for loss or damage arising therefrom) of cancelling the contract and refunding any payment made by the Purchaser.
- (iii) Without limiting the generality of the cause or causes referred to above the same shall include war, fire accident, breakdown of plant or machinery, industrial action, disputes (including strikes and lockout unavailability of and restriction on supplies, non-delivery or delay in delivery of any materials or any other circumstances (of whatsoever nature and not limited to the foregoing) which directly or indirectly interrupt or hinder the due performance of the contract.

CONDITIONS OF SALE

12. PATENT AND TRADE MARK INDEMNITY

The Purchaser shall hold the Company harmless on a full indemnity basis against the infringement of any patents trade marks or any other rights belonging to third parties caused by the manufacture by the Company of goods produced to the specification of the Purchaser or the manufacture or use by the Purchaser of goods supplied by the Company.

13. WAIVER

Any concession or waiver which the Company may make or allow to the Purchaser at any time shall not prejudice any subsequent exercise of the Company's legal rights whether or not such concession or waiver shall have been relied upon or otherwise acted upon by the Purchaser and whether or not the Purchaser received prior notice terminating such concession or waiver.

14. TERMINATION

The Company shall be entitled to terminate any contract forthwith without prejudice to its own rights accrued at the date of such termination and to recover damages in the event of any breach by the Purchaser of its obligations hereunder if the Purchaser (being an individual) shall be adjudicated bankrupt or has an Administration Order made against him or enters into any arrangement or composition with his creditors or, (being a Company), if a Receiver is appointed of the whole or any part of its assets or undertaking or a Winding-up order is made against the Purchaser or the Purchaser goes into voluntary liquidation (other than for the purpose of reconstruction or amalgamation) or causes a meeting or makes any arrangement or composition with creditors or allows execution or distress to be levied against any of its goods.

15. GOVERNING LAW

The contract shall be governed by and construed in accordance with English Law and the parties hereto submit to the non-exclusive jurisdiction of the English Courts.
