The complete Plasman Product Portfolio can be located on the UK's leading design, estimating and ordering software systems.

Since 1946

Consumer expectation has increased significantly during the last 5 years and change has been necessary within a demanding kitchen market to improve and differentiate standards. During these challenging economic times, Plasman has developed its product diversity and service proposition at an unprecedented rate and continues to strive for further progress as the UK's leading independent specialist distributor of kitchen surfaces.

In new developments, the introduction of revolutionary components in modular quartz and acrylic has brought an affordable higher-class finish to mainstream kitchens and our Artis Surface Collection offers distinctive quality, yet remains best market value in a variety of material genres

We have trained in excess of 1500 installers in new techniques as the change requirement affects all aspects of the kitchen process.

Our commitment to service and customer care has remained consistent throughout the recent market turbulence and yet with 70 years of trading experience, we still continue to evolve.

Our primary function is to provide sales and marketing, distribution and technical support to major worksurface and flooring brands; however, we are now the third party logistics partner and import base for other world-wide manufacturers, a less publicised feature of the business.

Investment in new stock transfer systems and vehicle specifications enable Manchester and Reading Service Centres to combine as one unit, delivering improved product availability, lead times and quality on a national scale. Our mission continues to be the support of trade only customers with specialised service to business, site of consumer locations. A unique portfolio of self-install surfacing products supplied where and when you require them.

FACING the FUTURE

Service & Account Information

DELIVERING THE PLASMAN PRODUCT

Nationwide deliveries within 48 Hours to most regions

Trade showrooms

Free deliveries to business locations

Excellence in customer care and product management

Managed consumer and site deliveries

Product design and installation training schools

Call and collect at Manchester or Reading

Customised marketing support

We have introduced a new breed of efficient 5.5 tonne vehicles to improve the delivery experience and reduce our carbon footprint. Smaller and more nimble than the industry norm, they can deliver a substantial 2.4 tonne payload and are the ideal solution where site or domestic access is often difficult. The new vehicle can effectively deliver worktops up to 5.2m in length and its unique lower deck design improves handling ergonomics for both customer and driver.

Business Deliveries

Deliveries to our normal distribution regions are free of charge.

Please ensure you have staff ready to receive your delivery on the allocated day; or inform us of charges to your circumstances prior to delivery. The consequences of not being able to offload bulk components can severely impair our schedule often incurring cost and damage. We require one person to be able to assist in the unloading of goods and in the case of Maxtop and Mirostone, two people are required due to the additional weight.

Consumer and Site Deliveries

Plasman specialise in deliveries to customer and site locations on behalf of our trade clients.

Please ensure the location is accessible for a large vehicle and personnel are available to assist in unloading on the allotted delivery day.

Deliveries are to kerbside only.

Small delivery charges apply: please contact our sales office for details.

Service Information

Plasman operates its own fleet of specialist vehicles and drivers for maximum quality of service.

We discourage the use of external carriers for bulky kitchen components and flooring which can often result in damages or delivery failure. Should Plasman make an error in delivery, we endeavour to re-deliver within 24 hours of notification of error utilising our own specialist transport.

Traffic and weather conditions, seasonal demand and vehicle performance can occasionally affect our delivery schedules and will endeavour to keep you informed of any changes as soon as possible.

Please check goods within 48 hours of delivery to ensure there are no defects or damages. Returns cannot be made after this period of time.

All components should be checked for colour compatibility and quality prior to installation. No supporting re-fitting costs will be sanctioned if components are fitted with visible defects or colour variations.

Price Guide

Suggested Selling Price (SSP)

All prices indicated on availability schedules are suggested selling prices (not including VAT) and are subject to your **trade discount**.

Matrix Code - 045, 040 and 030 denote our trade discount structure (i.e. deduct 45%, 40% and 30% discount from SSP)

"Matrix Codes" are located on all product availability matrices.

Account Information

Account Customers (30 day net monthly)

Payment should be received within 30 days from end of month of delivery.

COD Customers

Payments must be made on delivery, otherwise goods cannot be left. Payment can be made by credit card, debit card, BACS, cash or cheque.

Pro-Forma Customers

Payment must be received before goods can be released. Payment can be made by credit card, debit card, BACS, cash or cheque.

Important Conditions

We reserve the right to change prices and specifications at any time without notice.

Please note that due to manufacturers price increases, the published suggested selling price may sometimes vary. We will notify you by email of price changes and update the published SSP in the next printed edition of the portfolio.

All stated dimensions are nominal. Please refer to our full terms and conditions which are located on every delivery note and can be found on pages 114 & 115.

Design, Installation, Care & Maintenance

PLASMAN LAMINATE PRODUCTS

Choosing your surface...

Every effort has been made to achieve faithful representation of all products in this brochure, but due to printing limitations, the full beauty of colour and texture of surface materials can only be fully appreciated by viewing the actual material.

Visit us at **www.plasman.co.uk**

All you need to know about worksurfaces on one comprehensive website.

- order samples online
- product range details and brochure downloads
- installation, care and maintenance guides
- training videos
- marketing support

Design, installation, care and maintenance advice...

It is important that you have a full understanding of all surfacing products within this brochure.

Installation, care and maintenance guides or DVD's should be carefully read or viewed before proceeding with any **fabrication** or **installation** work.

Visit our website for full details at **www.plasman.co.uk**

All products should be properly acclimatised and carefully checked for satisfactory quality and colour match prior to installation. Please contact us immediately if any visible defect or shade variation is found and we will authorise replacement materials.

Please **do not** install any goods showing these defects as the manufacturer **will not** accept any liability for both replacement product or re-installation costs after the goods have been worked on or fitted.

All care and maintenance guides must be passed on to the consumer as they form an integral part of the product guarantee. Incorrectly installed or poorly maintained products are not covered under the guarantee.

It is vital that the customer fully understands the product they have purchased so it aligns with their expectations.

Installation training courses...

We operate regular half day training sessions for installers of solid surface materials and strongly recommend these to dealers or fitting teams who are new to these types of products.

Training courses available:

**Max-Top
Mirostone**

All courses are free of charge

To enable you to understand more about your chosen product, we have a range of brochures, installation, care and maintenance instructions and videos available to view or download online **www.plasman.co.uk**

mirostone®

20mm (SOLID) SOLID SURFACING WORKTOPS,
SPLASHBACKS, UPSTANDS & SINK SOLUTIONS

Impeccable solid surfaces for the home

Waterproof and hygienic

Mirostone is stable, self-supporting solid surface which requires no substrate or additional protection at joints or sink cut outs, eliminating the risk of blown joints due to moisture ingress or bacterial build up in vulnerable core materials.

Easy to maintain and user friendly, Mirostone's non-porous surface washes off every day stains with just soap and water leaving it looking as good as new.

20mm (SOLID) SOLID SURFACING WORKTOPS,
SPLASHBACKS, UPSTANDS & SINK SOLUTIONS

mirostone®

Ahead of the curve

Mirostone can be finished to the radii of your cabinet doors without the need for time consuming edge treatments.

Colour all the way through

Mirostone's colourful stone effects are not just skin deep, they run consistently throughout its 20mm thickness. So now you can have uniquely stylish and practical worksurface features.

SOLID SURFACE TOPS
13

Multiple use

Mirostone's unique qualities make it the perfect surface for the kitchen but it is equally at home being soaked in a busy bathroom or utility room.

Mirostone Sinks

Wide range of sinks, bowls and drainers

Mirostone pure acrylic sinks and bowls fully integrate with Mirostone's worksurfaces inconspicuously, leaving no overhanging rims. These features ensure a completely hygienic, easy to clean surface with a smooth, seamless look.

Drainer grooves can be graduated from 2 - 5mm to create a waterfall effect that drains away drips and splashes. All brands, materials and styles of under-mount sinks can be used in conjunction with Mirostone.

Corian.

MADE TO MEASURE SOLID SURFACING

Corian

Templating, manufacturing and installation service on the world's leading and original solid surface

All you need is imagination - we take care of the rest

Create inspired Corian kitchen worktops that flow smoothly into Corian sinks and backsplashes to bring imagination and practicality to your scheme.

With DuPont Corian solid surface, you get the ultimate freedom of expression in kitchen design, combining enduring beauty with valuable functionality.

Effortless beauty

DuPont Corian solid surface is easy to clean, and is NSF / ANSI 51 Certified for food contact. Because Corian is non porous, stains do not penetrate the surface. With proper cleaning, Corian also resists the growth of mould, mildew and bacteria.

Seamless appearance

Further high-performing Corian products, such as sinks and backsplashes, can be perfectly integrated to create the sleek appearance of a single, solid surface. With a coved backsplash, there are no traps to collect dirt and moisture. Corian also works brilliantly together with such materials as stainless steel, wood, and glass.

Reputation for excellence

DuPont invented solid surfaces and has worked to continually improve their offering.

DUPONT

Corian.

Split level island with integrated acrylic sink

Worksurface incorporating Belfast sink and drainer grooves

Please send a fully dimensioned drawing and we will turn round your quotation within 24 hours.

We will advise where relevant on technical detail upon receipt of drawing.

In Corian, virtually any design detail is possible:

- **Undermount Corian (acrylic) sinks**
- **Undermount stainless steel sinks**
- **Drainer grooves**
- **Recessed drainer**
- **Coved (seamless) upstand/splashback**
- **Deeper front edge**
- **Wider work surface**
- **Special shapes and curves to match door radii**
- **Integrated gable end panel**
- **Island surfaces**

How to order

- Agree final drawing/price and input order
- Confirm templating date (normally within 24-48 hours of ordering)
- Manufacture template on site on agreed date. Our technician will also show the consumer a larger sample of the colour of their choice for an additional suitability design check and agree specific requirements using our standard checklist.
- Customer or Designer should be present at template to sign off and communicate any changes to the original specification (which may require a new quotation)
- Manufacture and install to customer specification (normally within 7 days of templating)
- Supply consumer with QN Registration Card (quality assurance)

Quality assurance

The DuPont Quality Network (QN) scheme is a consumer assurance scheme which offers homeowners who purchase Corian via a QN fabricator - either directly through the fabricator or via a KBB studio - a 10 year warranty against product, fabrication and installation defects in their Corian installation. The warranty is against the worktops rather than the individual so it's transferable to a new homeowner if the house is sold. The QN scheme is a DuPont backed scheme so the warranty is backed up and supported by DuPont which offers a strong level of reassurance.

Upon installation the homeowner is passed a warranty card or a Care and Maintenance guideline featuring a QN registration number, this allows them to register their warranty online with Corian.

Custom Made Square Edge Worksurfaces

Step 1

Sketch out the worksurface and breakfast bar shapes you want on the plan opposite. (You can request a PDF version at sales@plasman.co.uk) Please be sure to include decor and dimensions.

Step 2

Send the sketch to us at sales@plasman.co.uk or fax 0161 224 9961. We'll create a technical drawing for you to review and approve.

Step 3

Once you have signed off the drawing the surfaces will go into manufacture.

Step 4

Delivery will be within 3 weeks of order.

Example Diagram

Artis surfaces provide the stunning
ambiance of solid wood, granite, stone,
marble and quartz at a fraction of their cost.
We include the latest technology TrueScale
laminates designs, which are faithful
representation of natural stone and timber;
perfectly depicting their patterns with rich
colour variations and striking veins. Unlike
conventional laminates, TrueScale designs
are printed to TrueScale proportions.

Artis Textures

Graining that accentuates the minute detail in wood surfaces.

A subtle texture showing the impact of weathered stone.

A silky texture that emulates the feel of wood and stone.

A refined grain emphasising the striped effect in the design.

A high shine and reflective finish.

Gloss effect that replicates the finish of polished quartz.

A shimmering texture that refracts the light to give depth and clarity.

A warm, smooth and matt surface texture.

For centuries, wood has been our most loved, enduring material; making it a primary element in creating a theme.

Our collection of Woodgrains capture the natural looking beauty of real wood through superb depth of colour, high definition print and contemporary textures.

See colour matrix on page 110 for the recommended colour match. All surfaces are available with splashbacks and upstands.

axiom®

40mm & 22mm LAMINATE WORKTOPS, SPLASHBACKS & UPSTANDS

Timeless kitchen worktops

The importance of our kitchen grows stronger by the day. Dining rooms are reducing in our priorities. Instead, the focus falls on large, shared spaces, on kitchen islands that bring households together, and on vibrant, bustling kitchens where everyone feels comfortable.

With Axiom®, the heart of your home will not just look exceptional, the striking design will be the true centre of family life. Thanks to the high performance and durability of the collection, your kitchen will be ready for whatever life throws at it.

Whatever your taste, there's a worktop waiting to be discovered. Enjoy a blocked wood finish, ideal for farmhouse and traditional kitchens. Consider a 22 mm marble design to put the finishing touches on your contemporary environment. Or revel in the premium feel of our abstract designs, bringing natural artistic elements into a refined and relaxed kitchen space. The result is a breathtaking collection of premium kitchen worktops assembled by the industry's leading design specialists.

The full range has been designed to ensure each palette is perfectly matched with either a 22 mm or 38 mm thickness, as well as an elegant square edge or curved profile.

Bring your vision to life with Axiom.

Nebbia Oak Timber

Woods

Whether you're creating a light, bright kitchen or an atmospheric sanctuary based on a darker palette, the natural beauty of our stunning woods range will complement your space perfectly.

Our classic blocked and planked woods offer subtle, calming effects, with a matching thickness to complete the look.

An expertly curated selection of rustic woods provides supreme flexibility for those looking for the ultimate in authenticity. Or enjoy the eye-catching appeal of our simple grains, where oaks and other traditional woods are available in a range of tones.

40mm & 22mm LAMINATE WORKTOPS, SPLASHBACKS & UPSTANDS

Engineered

Paloma White Matte 58 (38mm Axis)

Paloma Cream Matte 58 (38mm Axis)

Paloma Light Grey Matte 58 (38mm Axis)

Paloma Dark Grey Matte 58 (38mm Axis)

Paloma Black Matte 58 (38mm Axis)

Patterns

Layered Sand Essence (22mm Square Edge)

Shadow Dancette Essence (38mm Square Edge)

Black Painted Marble Satin NDF (22mm Square Edge)

White Painted Marble Satin NDF (22mm Square Edge)

40mm & 22mm LAMINATE WORKTOPS, SPLASHBACKS & UPSTANDS

Concrete

Elemental Corten Scovato (22mm Square Edge)

Elemental Concrete Scovato (22mm Square Edge)

Brushed Concrete Matte 58 (38mm Axis)

Lulworth Flint Essence (22mm Square Edge)

Purbeck Flint Essence (22mm Square Edge)

Solid Colours

Crisp White Gloss (38mm Linea)

Crisp White Essence (22mm Square Edge)

Fog Essence (22mm Square Edge)

Feature Splashbacks

Install a true talking point with a striking Axiom® feature splashback. Choose from our trend led colours or shimmer in spectacular fashion with frosted and metal designs. For an enduring appeal consider a herringbone or terrazzo inspired pattern that will take centre stage.

prima®

40mm LAMINATE WORKTOPS, SPLASHBACKS & UPSTANDS

If you're looking for a kitchen as beautiful as it is long-lasting, the Formica Prima® Collection of 34 worktops and ten feature splashbacks offer style and simplicity.

From light woods through to warm stones and solid colours, this captivating suite of designs works with every kitchen space, bringing the latest trends and tastes into the hub of your home.

Every worktop is 38mm thick with a tight curved edge. The collection is perfectly sized with worktops available in 4.1m and 3m lengths, with matching splashbacks and upstands also available. Each one of the five stunning textures has been selected for each worktop, providing the tactility and authenticity that perfectly enhances each design.

This means you can concentrate on the job in hand: creating the dream look for your new kitchen.

For comprehensive installation, care and maintenance information please visit www.plasman.co.uk

Quadra & Cubix design collection

Duropal worktops are the perfect alternative to acrylic based, granite and stone worktops at a fraction of the price.

61 exciting decors - 49 in the popular Quadra profile and 12 in the unique Cubix profile.

Profiles

Surface textures

XTreme Matt

XTreme Matt has a convincingly impressive look with a previously unknown, enormous colour transparency and depth - and a pleasantly warm, velvety soft touch.

Enhanced Semi Matt

This surface is distinguished by its pleasantly natural feel.

Enhanced High Gloss

A fashionable yet enhanced performance gloss finish designed to both complement the effect of the decor and provide improved abrasion resistance.

Fine Grain

A fine texture and evokes an association with ceramics and stoneware. Wood becomes tangible, gets a softer feel and natural impression.

Top Face

Universally applicable neutral and ideal surface. Top Face is classic for worktops as this surface is particularly resistant to fingerprints.

Top Velvet

Elegantly matt, smooth and fine structure, sensitive design. Recommended for horizontal and vertical applications.

Crisp Granite

A surface texture especially suitable for stone reproduction decors whilst offering both the feel and optical effort of a natural stone surface.

Montana

Generous, deep wood structure particularly suited to expressive hardwoods and softwoods.

Stucotex

The craftsmanship of the material is emphasised by the matt, rough feel caused by a subtle brush stroke, which gains depth by the glossiness.

Natural Wood

Naturalness and precision characterise this delicate wood structure.

Rustic Wood

Looks and feels like brushed wood with a gloss-matt effect.

In these conditions the expression "the Company" means Plasman (Laminate Products) Limited.

1. GENERAL

- (i) The Company shall sell and the Purchaser shall purchase all goods and/or services in accordance with these terms and conditions. All such contracts will be subject to the overriding presumption that these terms and conditions will prevail and that any conflicting terms in subsequent documents will have no legal effect.
- (ii) No variations to these terms and conditions shall be binding unless agreed in writing between the authorised representatives of the Company and the Purchaser and no agent or employee of the Company is authorised to make any representation concerning the goods and/or services unless confirmed in writing by the Company. In entering into the contract the Purchaser acknowledges that it does not rely on any such representations which are not so confirmed.
- (iii) No order submitted by the Purchaser shall be deemed to be accepted by the Company unless and until confirmed in writing from the Company's authorised representative.
- (iv) The Purchaser shall be responsible to the Company for the accuracy of the terms of the order and for giving the Company the necessary information relating to the goods and/or services to enable the Company to perform the Contract in accordance with its terms. The Purchaser shall indemnify the Company against all loss, damages, costs and expenses incurred by the Company due to the inaccuracy of the order submitted by the Purchaser or the inability of the Company to perform the Contract for whatever reason.

2. PRICES

- (i) Unless otherwise stated prices stated are net and exclusive of VAT.
- (ii) All prices and discount rates are subject to alteration without notice and the applicable prices and discounts will be those prevailing at the date of delivery irrespective of the price and discount stated in the Company's acknowledgement.
- (iii) The Company shall be entitled to vary the price of goods depending upon the place of delivery but pallets will be supplied and charged for at the price charged by the Company at the time of delivery without variation.

3. DESPATCH AND DELIVERY

- (i) Despatch and delivery are based on the Company's best information at the time quoted but such date shall be regarded as approximate only.
- (ii) Failure to despatch or deliver at the time stated will not be sufficient cause for cancellation and the Purchaser will not be liable for any losses, costs, damages or expenses consequential or otherwise suffered by the Purchaser.
- (iii) Where delivery is made by instalments, delay in delivering one or more instalments shall not entitle the Purchaser to refuse to accept any remaining instalments.
- (iv) Delivery shall take place when the goods are delivered to the Purchaser's premises unless the Purchaser has given the Company special instructions as to carriage or delivery in which case delivery shall take place when the goods are delivered to the order of the Purchaser.
- (v) If the Purchaser fails to take delivery of the goods and/or services or fails to give adequate delivery instructions or fails to make necessary arrangements for accepting delivery (otherwise than by reason of any cause beyond the Purchaser's reasonable control or by reason of the Company's fault) then, without prejudice to any other right or remedy available to the Company, the Company may:
 - (a) store the goods until actual delivery and charge the Purchaser for the reasonable costs (including insurance) of storage and other expenses incurred and time expended; or
 - (b) sell the goods at the best price readily obtainable and (after deducting all reasonable storage and selling expenses) charge the buyer for any shortfall below the price under the Contract.
- (vi) The Company deliver to kerb side only. It is the responsibility of the Purchaser to ensure that they have sufficient members of staff or lifting equipment to lift the products being delivered in to the premises to which they have requested delivery.

4. TERMS OF PAYMENT

- (i) Payment shall be made in full without any deduction (other than any discount rate previously agreed by the Company) not later than the end of the month following the month of the delivery.
- (ii) If payment is not made by the due date the Company may without prejudice to any of its rights under these conditions charge interest on the amount of the price then outstanding at the rate of 2.5% per annum above the base rate of The Royal Bank of Scotland PLC from time to time such interest to accrue on a daily basis until the date of actual payment, after as well as before any judgement.
- (iii) All payments are to be made on or before the due date as a condition precedent to future deliveries and where the goods are delivered in instalments payment for each instalment shall be a condition of delivery of subsequent instalments.

5. RISK AND TITLE

- (i) Goods shall remain the property of the Company until payment in full has been received by the Company for the goods and for all other goods which have been delivered by the Company to the Purchaser at the time of full payment for such former goods.
- (ii) Until such unconditional payment the Purchaser shall-
 - (a) Keep such goods in its capacity as bailee for the Company; and
 - (b) Store the goods separately and clearly identify the goods so that they can be clearly recognised as the property of the Company.
- (iii) The Purchaser may dispose of the goods in respect of which property has not passed hereunder in the ordinary course of its business as principal.
- (iv) Until such time as the title in the goods passes to the Purchaser, the Purchaser shall hold the goods as the Company's fiduciary agent and bailee and shall keep the goods separate from those of the Purchaser and third parties and properly stored, protected and insured and identified as the Company's property.
- (v) If the goods or any part thereof whether or not incorporated into other product or used as material for other products are re-sold by the Purchaser before he has made unconditional payment to the Company as aforesaid the Purchaser shall in its fiduciary capacity as agent for the Company hold all proceeds of sale in respect thereof in trust for the Company and in a separate account to be opened by the Purchaser for the purposes of receiving only the proceeds of such sales and be accountable to the Company in respect thereof.

- (vi) The Purchaser hereby assigns to the Company all rights and claims which the Purchaser may have against its own customers arising from sales to its customers referred to in sub-clause (v) above until unconditional payment has been made to the Company in full as aforesaid.

- (vii) If before property in goods has passed to the Purchaser the Purchaser is in breach of any payment obligation hereunder or enters into liquidation or suffers a receiver to be appointed the Company may give notice to the Purchaser terminating the contract forthwith whereupon the Purchaser shall at its own expense re-deliver such goods to the Company. In such cases the Company may with or without previous notice take possession of and sell the goods and is in such circumstances irrevocably authorised by the Purchaser to enter the premises on which the goods are situated and remove the same at the Purchaser's expense.

- (viii) Notwithstanding the provisions of this clause risk in all goods supplied shall pass to the Purchaser on delivery whereupon the Purchaser shall be liable for the insurance of such goods.

6. DAMAGE IN TRANSIT

Except where the Purchaser has given special instructions as to carriage or delivery and delivery has been made to the order of the Purchaser as mentioned in Clause 3 (iv) the Company will at its discretion either repair or replace free of charge goods damaged in transit or allow credit therefor on being given the opportunity to view and collect such damaged goods provided the Purchaser shall give the Company notice in writing of the extent and nature of the damage:

- (i) where goods are delivered by the Company within 2 business days of the date on which the goods were delivered, or
- (ii) where the goods are delivered by outside carriers within such times as will enable the Company to comply with such carriers conditions or carriage for the notification of such claims (if any).

7. SHORTAGES AND DAMAGED OR FAULTY GOODS

No claims for shortage or in respect of damaged goods shall be made unless the Company is notified in writing within 2 business days of receipt of the goods and given the opportunity to view and collect such damaged goods in the absence of such notification the Purchaser shall be deemed to have accepted the goods and the Purchaser is required to make payment in full in accordance with the terms of payment.

It is the responsibility of the Purchaser to check that the product is as ordered, and that there are no shade differences between all products delivered, before cutting, fitting or working on the products.

8. RETURN OF GOODS

- (i) The Purchaser shall not be entitled to return goods supplied for credit except by notification to the Company in writing within 2 days of delivery of a desire to return such goods confirmed as accepted by the Company (at its sole discretion) in writing. Any request for the return of goods must be accompanied by the invoice number and the date on which the goods were delivered.
- (ii) Where the Company accepts that the goods can be returned, such goods should be returned complete with the original packing material and any other items which may have accompanied the goods. The acceptance of any return of goods is not an admission of any defect in or damage to the goods. In such event the Purchaser shall be liable for all costs, expenses and sell-on costs of the Company.

9. WARRANTY

- (i) Save as provided in sub-clauses (ii), (iii) and (iv) of this clause all warranties, conditions, guarantees representations, express or implied, statutory or otherwise are hereby excluded, and the Company shall not be liable for any loss, damage, expense or injury, of any kind whatsoever, consequential or otherwise, arising out of or due to or caused by any defects or deficiencies of any sort in the goods supplied by the Company, and whether such defects are caused by the negligence of the Company its servants or agents or otherwise.
- (ii) The Company agrees to make good by replacement or repair, defects which arise solely from faulty materials or workmanship within a period of twelve months of delivery, provided that the Company is notified in writing of the defect within 90 days of delivery, is given the opportunity to view and collect such goods, and (if required) the goods are promptly returned free to the Company's premises.
- (iii) The Company does not exclude its liability for death or personal injury and accepts liability for any breach on the part of the Company of any undertaking as to title, quiet possession and freedom from encumbrance which may be implied by Section 12 of the Sales of Goods Act 1979.
- (iv) This clause shall not deprive a Purchaser dealing as a consumer pursuant to Section 12 of the Unf Contract Terms Act 1977 of his statutory rights.
- (v) The Company shall be under no liability in respect of defect in the Goods and/or services arising from the inaccuracy of the terms of the order from the Purchaser.
- (vi) The Company shall not be liable in respect of any defect arising from fair wear and tear, wilful damage, negligence, abnormal working conditions, failure to follow the Company's instructions (whether oral or in writing), misuse or alteration or repair of the goods without the Company's written approval.
- (vii) The Company shall be under no liability under any warranty, condition or guarantee if the price for the goods and/or services has not been paid in full by the due date for payment.

10. LIMITATION OF LIABILITY

Without prejudice to sub-clauses (iii) and (iv) of Clause 9 above the amount of any damages recoverable to the Purchaser from the Company for breach of contract or negligence shall be limited to the invoice price of the goods.

11. INABILITY TO SUPPLY

- (i) Without prejudice to any other condition hereof should the manufacturers, supply or delivery of the whole or any part of the goods contracted for be interrupted, prevented or hindered by any cause or causes whatsoever beyond the Company's control the Company shall be entitled to postpone or suspend any delivery or deliveries under the contract until (in the Company's judgement) any such cause has ceased to operate. The Company shall be under no liability whatsoever in respect of such postponement or suspension.
- (ii) If delivery is delayed the Company has the option (without incurring any liability for loss or damage arising therefrom) of cancelling the contract and refunding any payment made by the Purchaser.
- (iii) Without limiting the generality of the cause or causes referred to above the same shall include war, fire, accident, breakdown of plant or machinery, industrial action, disputes (including strikes and lockout unavailability of and restriction on supplies, non-delivery or delay in delivery of any materials or any other circumstances (of whatsoever nature and not limited to the foregoing) which directly or indirectly interrupt or hinder the due performance of the contract.

CONDITIONS OF SALE

12. PATENT AND TRADE MARK INDEMNITY

The Purchaser shall hold the Company harmless on a full indemnity basis against the infringement of any patents trade marks or any other rights belonging to third parties caused by the manufacture by the Company of goods produced to the specification of the Purchaser or the manufacture or use by the Purchaser of goods supplied by the Company.

13. WAIVER

Any concession or waiver which the Company may make or allow to the Purchaser at any time shall not prejudice any subsequent exercise of the Company's legal rights whether or not such concession or waiver shall have been relied upon or otherwise acted upon by the Purchaser and whether or not the Purchaser received prior notice terminating such concession or waiver.

14. TERMINATION

The Company shall be entitled to terminate any contract forthwith without prejudice to its own rights accrued at the date of such termination and to recover damages in the event of any breach by the Purchaser of its obligations hereunder if the Purchaser (being an individual) shall be adjudicated bankrupt or has an Administration Order made against him or enters into any arrangement or composition with his creditors or, (being a Company), if a Receiver is appointed of the whole or any part of its assets or undertaking or a Winding-up order is made against the Purchaser or the Purchaser goes into voluntary liquidation (other than for the purpose of reconstruction or amalgamation) or causes a meeting or makes any arrangement or composition with creditors or allows execution or distress to be levied against any of its goods.

15. GOVERNING LAW

The contract shall be governed by and construed in accordance with English Law and the parties hereto submit to the non-exclusive jurisdiction of the English Courts.
