## Eames® Lounge Chair and Ottoman White Ash

### Designer

Charles and Ray Eames

### Original Production Date

1956

### Warranty

5 years

Updated to complement today's lighter interiors, this all-white design by Charles and Ray Eames is a fresh take on the authentic Eames chair and ottoman. Pearl MCL Leather covers the cushions. The shells are a white ash veneer finished with a process that arrests wood in its "freshly cut" state. A comfortable fit both at home and in workspaces, it remains "a special refuge from the strains of modern living."
