Eero Saarinen

Saارين
Executive Chairs

Featured in nearly all Florence Knoll-designed interiors, the Saarinen Executive Chair has remained one of the popular designs for nearly seventy years. The chair, which is now found in dining rooms as often as it is in offices, transformed the notion of what executive seating could be with its sculptural form and modern finishing.

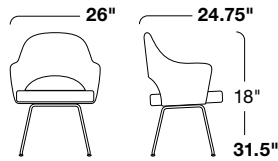

This iconic design is also available in a bar- and counter-height stool, a swivel base, or with a plastic back.
