

MR16 LAMP

12V LAMP

Total Light's MR16 light bulbs feature unparalleled build quality for a truly brilliant light beam. This bulb comes in several different variations of voltage and color temperature. These variations make it easy to customize the aesthetic of your lighting system. There are also variations to choose between a 40 and 60 degree beam spread.

The MR16 bulb will fit in Total Light's Uplights, Spotlights, and Well Light fixtures.
