

### **Profile and Difference**

**Red Cherry Certified Organic Labs is the first Certified Organic food, nutraceuticals, cosmetics and personal care industry laboratory that follows the strictest Organic Laws, formulating and manufacturing professional and retail spa products with certified organic ingredients only.**

**Red Cherry Certified Organic Lab is the USA's first certified organic product formulator, manufacturer and distributor not connected or bridged with any traditional laboratory.**

**President, Bonnie Canavino brings new vibrant elements to the green, sustainable and certified organic product revolution, along with her extensive 27-year career in the professional beauty industry.**

**The Red Cherry Group includes three premiere brands, AMRIT ORGANIC, Raw Skin Care and Spa Specifics, purchasing specific Global Certified and Organic ingredients and Natural Certified Organic Harvested Ingredients with the highest of standards and performance.**

**Red Cherry Groups Brands has built relationships with growers world-wide that are engaged in and committed to organic farming, sustainability, collecting sustainable Non Timber Forest Products (such as herbs), local lively-hood developments, fair trade practices with utmost commitment to chain of custody under organic standards of USDA NOP, OTC, European Union Standards ECC 2029/ and JAS standards. This ensures traceability of ingredients/raw materials from growers to market.**

**Both the Red Cherry Group and all of its Brands are leaders in organic product formulation, truly made from certified organic ingredients and nothing else.**
