How to find the perfect size for the soft bracelet

- Print and cut out the paper sizer on the following page and read the instructions carefully.
 - Make sure the side with the measures faces upwards, instead of onto the skin.
 - Insert the pointed end through the opening you have cut at the other end of the Wrist Sizer where indicated [cut here].
 - Place your hand through the Wrist Sizer and pull the pointed end until it fits comfortably on your wrist.
 - The number that lines up with the edges of the opening is the size of the wrist.

You can also use a tape measure but if you do not have one, take any small piece of ribbon or cord. Wrap it around your wrist and measure the length against a ruler.
