RAISED GARDEN BED

ELIZABETH GARDEN

1 LEVEL KIT CONTAINS:

- Composite timbers 2' x 4
- Composite timbers 4' x 16
- Brackets x 40
- **Stakes x 20
- Plugs x 80
- Caps x 20

PARTS IDENTIFICATION

**NOTE

Stacking stakes can be used on all levels and when creating additional levels. ONLY Stacking Stakes can stack!

FOR INDOOR & HARD SURFACE:

If you plan to assemble raised bed on a hard surface, use hacksaw to remove the spike of each stake. Use these cut down stakes for the base level only of your raised garden.

ASSEMBLY INSTRUCTIONS

STEP 1:

Assemble the timbers by sliding one end of timber into channel end of one of the brackets. Use plugs to cover the holes on both sides to lock the bracket in place.

Repeat this process on the opposite end of the timber flipping the bracket in the opposite direction (see image). **Repeat for all timbers.**

STEP 2:

Layout the base level of your raised garden according to the shape below, using 1 x 2' & 4 x 4' timbers. Insert stake through the hole of the bracket and into each of the corners to lock all sides in place. **Adjust accordingly to your desired shape. Repeat this part for the other 3 sides & arrange them according to the design below.**

STEP 2a: For one level, add caps to each of the top corner joints to finish off the raised garden.

HAPPY GARDENING!

ASSEMBLY INSTRUCTIONS – For Product with Two to Four Levels

STEP 3:

For the second level, use 1 x 2' & 4 x 4' timbers plus the stacking stakes. Insert one stake through the brackets into the hole on top of the stake beneath it to lock the second level in place.

Lastly, add the caps to each of the top corner joints to finish off the raised garden.

LEVEL 3 & 4: Repeat step 3

How the Joints Work
