GARDEN EDGING/ PLAYGROUND BORDER

CURVED 16', 32', 64'

1 LEVEL KIT CONTAINS:

- Composite timbers 4' x 4
- Brackets x 8
- **Stakes x 5
- Plugs x 16
- Caps x 5
- Sleeve x 2

Layout your timbers along the borderline and connect each timber together by inserting the top of the stake through the bracket loops with the stake pointing to the sky. This enables you to freely position your border to get your desired location.

PARTS IDENTIFICATION

**NOTE

Anchor stakes should ONLY be use on ground level & middle portion. It CANNOT be used to stack up additional levels. Stacking stakes can be used on all levels and when creating additional levels. ONLY Stacking Stakes can stack!

FOR INDOOR & HARD SURFACE:

If you plan to assemble raised bed on a hard surface, use hacksaw to remove the spike of each stake. Use these cut down stakes for the base level only of your raised garden.

ASSEMBLY INSTRUCTIONS

STEP 1:

Assemble the timbers by sliding one end of timber into channel end of one of the brackets. Use plugs to cover the holes on both sides to lock the bracket in place.

Repeat this process on the opposite end of the timber flipping the bracket in the opposite direction (see image). **Repeat for all timbers.**

STEP 2:

Layout your timbers along the borderline and connect each timber together by inserting the top of the stake through the bracket loops with the stake pointing to the sky. This enables you to freely position your border to get your desired location.

When your desired location is achieved slide out your first stake, flip it and drive the stake point through the bracket loops and into the ground. **Continue doing the same to all the stakes.**

STEP 3:

Finish off each end of your border using the finishing sleeve to give your border that clean finished look!

NOTE: If you are edging or bordering around a playground or garden that is enclosing itself, you won't need the finishing sleeves and extra stakes.

DID YOU KNOW? You can stack your landscape edging higher to create higher borders or to create levels and cascading features? Simply order additional tool-free boards and snap-lock stacking brackets (your kits come with anchor brackets). The modular design of all Frame It All products means that you can add, stack, re-design or re-purpose your materials any time the mood strikes.

How the Joints Work
