Use this credit card outline to ensure printed fitment guide is correct

For barefoot shoes it is very important to get your sizing right. Please follow these instructions closely for the best results.

FOLD HERE.
Place adjacent to wall.

Option 1 – Short on time?

1. Use a ruler to measure your longest foot from your heel to big toe.
2. Make sure you don't include the ends of your ruler!
3. Between sizes? ALWAYS ROUND DOWN for the best fit. Your iGUANEYE will stretch in no time!

Option 2 – Got a minute to spare? Trust us, it's worth it!

1. Print out this sizing guide at 100% scale.
2. Place on the floor with the folded corner against the wall.
3. Place your longest foot along the centre. Make sure your heel is against a wall.
4. Measure your size against your big toe.
5. Between sizes? ALWAYS ROUND DOWN for the best fit. Your iGUANEYE will stretch in no time!
