# Setting Up Your Aqua Glo

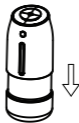

1. Twist open the humidifier by turning counterclockwise and lift the top off.

2. Fill water inside the tank. Tap water works great.

3. Place the top back on and twist clockwise to lock it into place.

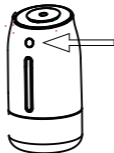

4. Plug in the USB cord to the humidifier and the other end to a power source. Allow the filter to absorb the water for several minutes before turning the humidifier on.

# Using Your Aqua Glo

5. Press the power button once for **high mist**, twice for **low mist** and a third time to **turn the unit off**.

6. To use the soft glow **LED light**, hold the power button down for at least 3 seconds. The light will turn on. To turn it off, press down on the power button for at least 3 seconds.

# Rechargeable Battery

Your Aqua Glo can run on battery power or when plugged in. The mist will be stronger when the unit is plugged in and the tank will need to be refilled more often. The LED light will flash when the battery power is less than 10%. To charge your humidifier, just plug the cord into a power source. It takes 3 hours to fully recharge the battery.

# Filter Replacement

Your Aqua Glo has a filter to purify the mist as it comes out of the humidifier. Depending on environmental conditions, this filter may need to be occasionally replaced. To do so, gently pull out the filter holder and remove the filter. Place the new filter in the holder. Be careful to not lose the spring inside the holder. To order replacement filters visit [www.airvanaair.com](http://www.airvanaair.com).

# Troubleshooting

## Flashing lights?

When the battery is low the LED light will flash as a reminder to charge.

When there is no water in the tank the LED light will flash three times and the unit will shut off. You will need to refill the water tank in order for the unit to turn back on.

## Humidifier won't turn on?

Make sure there is water in the water tank.

Make sure the unit is plugged in to a power source, or that the battery is charged.

## No mist?

Check your filter for mineral buildup. Also readjust the spring inside the filter holder. Replace the filter as needed.

# Product Specs

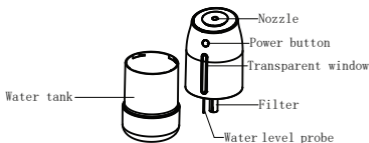

Name	Aqua Glo Humidifier
Model	AG250HUM
Battery	Lithium Ion, 3.7V, 1000mAh
Water Tank	500ml
Mist Output	Low: 39ml/h High: 61ml/h

# Safety

- This humidifier may not work properly on an uneven surface. ALWAYS place this humidifier on a firm, level, and water resistant surface.
- ALWAYS place the humidifier at least six (6) inches away from walls, heat sources, and electrical appliances such as stoves, radiators, or heaters.
- ALWAYS place the humidifier in an area that is out of the reach of children.
- ALWAYS UNPLUG AND EMPTY the humidifier when it is not in operation or while it is being cleaned.
- Use only clean, cool tap water when filling the tank. DO NOT use hot water.
- Never add essential oils of any type to the water tank.

# Warranty

The Airvana Company, Inc. makes the following warranty to the original residential user or consumer purchaser of the Airvana® Aqua Glo Portable Cool Mist Facial Humidifier:

If any part of the Airvana® Aqua Glo fails during the first 1 (one) year from the date of purchase due to a defect in workmanship or material, we will replace, or at our option, repair the unit free of charge at our nearest service center. You will be responsible for all parts and labor costs after this period.

This warranty is voided if your Airvana® Aqua Glo is not purchased and used in the USA or Canada.

This warranty excludes and does not cover defects, malfunctions, or failures of the humidifier which were caused by repairs by persons not authorized by us, use of parts, or accessories not authorized by us, mishandling, modifications, or damage to the humidifier while in your possession, or unreasonable use, including failure to provide reasonable and necessary maintenance. This warranty does not cover humidifiers used in commercial applications. There are no express or implied warranties as to commercial purchasers or users.

To obtain service, contact Airvana® Customer Service at (888) 704-2112. You will be responsible for insurance and freight or other transportation to our factory service center. We will return the humidifier freight prepaid. The humidifier should be properly packaged to avoid damage in transit since we will not be responsible for any such damage. Proof of purchase is required when requesting warranty service. The purchaser must present sales receipt or other document that establishes proof of purchase.
