## CONCRETE CLEANER POWDER - Pine Scent

A heavy duty, alkaline concrete cleaner. Designed to cut through heavy deposits of grease, oil, and grime quickly and easily. Dissolves completely in water and will not leave a powdery residue. Non-butyl.

### ADVANTAGES

- Quickly soaks down into grease, oil, and dirt. Even hard-to-get, embedded soil is dissolved, loosened, suspended and floats to surface ready to be rinse away.
- Concrete dries lighter in color. Because the oil and grease are gone, the dry floor is not slippery. Will not leave a white residue.
- A clean floor looks good, helps to prevent accidents, and will not track.
- Use anywhere concrete should be cleaned.
- Other uses for this versatile cleaner: hard surface cleaning (station hoist, automotive, or truck chassis, etc.), battery terminals, steel and iron parts.
- Contains no phosphates.

### DIRECTIONS

Wet floor with water and sprinkle concrete cleaner (1 lb. per 100 sq. ft) evenly. Allow to stand for 3 to 4 minutes. Brush wherever there is an accumulation. Rinse with clean water, and squeegee dry if desired.

For faster action during cold weather, when floor and water are cold, put concrete cleaner into water solution prior to spreading on the floor. Scrub and rinse as before.

**Take precautions to prevent rinsate from reaching storm sewers or waterways.**

### SPECIFICATIONS

Physical Form	Damp Powder
Color	Yellow Orange
Scent	Pine
Total Solids	96%
Total Solvent	4%
Total Activity	100%

**WARNING: Causes skin irritation.  
Causes serious eye irritation.  
Harmful if swallowed.**  
Keep out of reach of children.

### SHIPPING WEIGHT IN POUNDS:

25 Pound Box	25.8 Pounds
50 Pound Fiber Drum	52.1 Pounds
100 Pound Fiber Drum	103.6 Pounds
300 Pound Fiber Drum	312.3 Pounds
