GLOC TRI-PURPOSE C

Hydraulic • Gear • Cutting

DESCRIPTION

GLOC TRI-PURPOSE C represents a new chemistry in the selection of commercially available cutting oils. It is light colored and low odor multipurpose oil. The extreme pressure additives are effective in reducing friction at the chip tool interface. This allows for peak performance in Ferrous and Non-Ferrous metal applications. **GLOC TRI-PURPOSE C** has found applications in screw machining, grinding as well as general purpose machining. The outstanding physical characteristics of this product coupled with the cost /performance function ratio justifies looking at replacing your present cutting oils.

Product Data

PHYSICAL SPECIFICATIONS

1. Color	Yellow
2. Odor	Characteristic
3. Appearance	Clear Liquid
4. Viscosity @ 40°C, cSt	42
40°C, SUS	195
5. A.P.I. Gravity @ 60°F	29.8
6. Specific Gravity @ 60° F	0.8771
7. Density (LBS/GAL)	7.306
8. Flash Point ° F	>410
9. Chlorine %	2.2

Storage/Handling/Disposability

No health or safety hazards exist when **GLOC TRI-PURPOSE C** metalworking fluids are stored, used and disposed of in accordance with instructions given on the Material Safety Data Sheet for this product.
