PRINTABLE RING SIZER

1. **Print this out with scaling set to 100%.** This ruler should be to scale.

2. **Place a ring on one of the circles below.** Try to match the inside edge of the ring with the outside edge of the circle, so that just a sliver of white paper still shows. Quarter sizes are available if you feel your ring falls between two sizes.

3. **The width you want affects the size you need.** If you're ordering a ring wider than the ring you're measuring from, check out the DOES THE WIDTH AFFECT THE SIZE? section of our IN-DEPTH SIZING GUIDE.

You can also **cut out the strips below** and wrap them around your finger to help find which width looks and feels good
