Stain Removal Guide

Lipstick

Scrape away as much as the stain as possible, then blot the stain with rubbing alcohol. Rise out with cool water.

Cover area with baking soda. Brush away from the stain and add dish soap. Let sit, then blot away with a cloth soaked in cold water.

Grease

Gum or Wax

Set ice cubes or an ice pack atop the area for 20 minutes, then scrape off. If any remaining stain remains, blot with vinegar and rinse out with cold water.

Apply rubbing alcohol to dilute the stain. Rinse well with cool water and let dry.

Ballpoint Ink

Hot Drinks

Flush tea with lemon juice and coffee with vinegar to remove color. Blot until the stain is gone.

Flush with rubbing alcohol, then blot with water and let dry.

Felt-Tip Ink
