

Template for making holes in wall.
Right rack will be slightly higher.

LEFT

RIGHT

Keep bottom of paper level to mark holes.

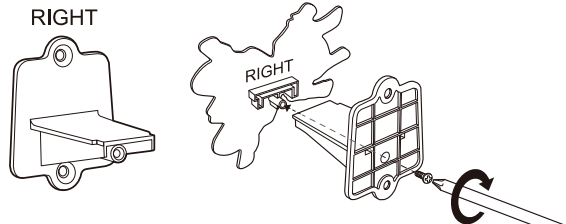

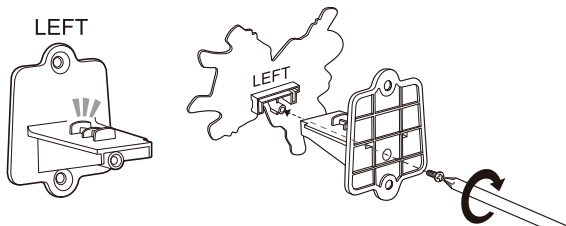

BUG-A-SALT® GUN-RACK INSTALLATION

Materials you will need: Philips head screwdriver #1, hammer, pencil, level and/or ruler.

Step #1

Assemble rack. The left rack has bumps. Find the LEFT fly and join together. Drop small screw in hole and screw tight. Repeat for RIGHT rack.

Step #2

Use template on back of paper to mark holes for screws. Remember, LEFT rack goes on the left.

Step #3

Hammer a #1 Phillips screwdriver into wall to make holes for plastic anchor. Gently tap plastic anchors with hammer.

Step #4

Screw in racks. Remember, LEFT rack with bumps goes on the left. RIGHT rack will be slightly higher to make gun level.
