

Template for making holes in wall.
Right rack will be slightly higher.

LEFT

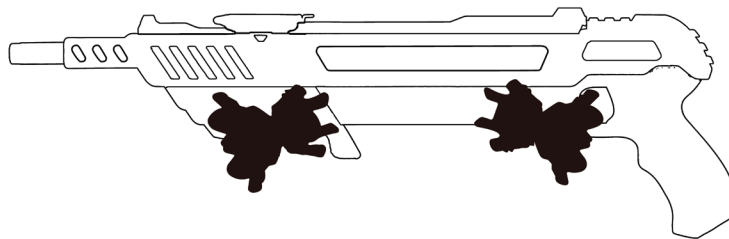

RIGHT

Keep bottom of paper level to mark holes.

BUG-A-SALT[®] WALL-RACK INSTALLATION

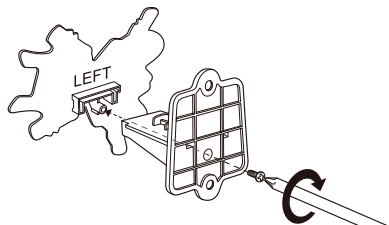

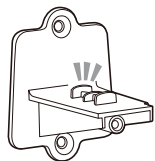

Materials you will need: Phillips head screwdriver #1, hammer, pencil, level and/or ruler.

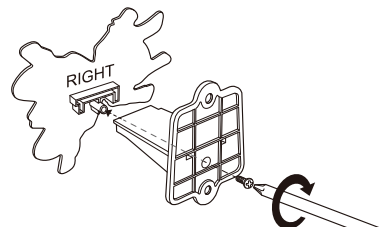

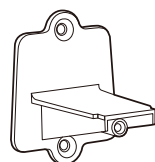

Step #1

Assemble rack. **The left rack has bumps.** Find the LEFT fly and join together. Drop small screw in hole and screw tight. Repeat for RIGHT rack.

LEFT

RIGHT

Step #2

Use template on back of paper to mark holes for screws. Remember, **LEFT rack goes on the left.**

Step #3

Hammer a #1 Phillips screwdriver into wall to make holes for plastic anchor. Gently tap plastic anchors with hammer.

TURN

Step #4

Screw in racks. Remember, **LEFT rack with bumps goes on the left.** RIGHT rack will be slightly higher to make gun level.
