CSS 650 Bandsaw Machine

CSS 650 model is a double column semi-automatic bandsaw machine with variable speed. This Machine is designed for straight cutting, precision is guaranteed due to the linear guides. Bow up-down movements are controlled with hydraulic compression. The cut material can be easily tightened thanks to powerful hydraulic vices. This machine includes 2 x 2m infeed / outfeed rollers. The machine is controlled on digital control panel. Hydraulic top clamps can be easily fitted making with machine a great 'pack' cutting saw.

Cutting Capacity

	0°
	500 mm
	500 mm
	500 x 650 mm

Technical Specification

Main Motor	5,5 kW, ~ 1400 rpm
Hydraulic Motor	1,5 kW
