CSS 800 Bandsaw Machine

CSS 800 model is a double column semi-automatic bandsaw machine with variable speed. This Machine is designed for straight cutting, precision is guaranteed due to the linear guides. Bow up-down movements are controlled with hydraulic compression. The cut material can be easily tightened thanks to powerful hydraulic vices. This machine includes 2 x 2m infeed / outfeed rollers. The machine is controlled on digital control panel. Hydraulic top clamps can be easily fitted making with machine a great 'pack' cutting saw.

Cutting Capacity

	0°
	560 mm
	560 mm
	560 x 800 mm

Technical Specification

Main Motor	5,5kW, ~ 1400 rpm
Hydraulic Motor	1,5kW
Conveyor Motor	0,12kW
Coolant Motor	0,2kW
Blade Speed	25-90 m/min
Feeding Stroke	
Blade Size	6580 x 54 x 1.6 mm
Weight	2750 kg
Working Height	740 mm
Dimensions	1300 x 3300 x 2050 mm
