

CURCULAIN PRO™

NATURALLY DERIVED SUPER ANTIOXIDANT PASTE

Curcumin (from Turmeric)

Bromelain - derived from pineapple

Boswellia - derived from a small tree native
to tropical zones of Africa and Asia

CURCULAIN PRO™

NATURALLY DERIVED SUPER
ANTIOXIDANT PASTE

Premium source of naturally derived ingredients known for their antioxidant actions.

Curculain Pro™ contains Curcumin, Bromelain and Boswellia known to support ailments including tendon, ligament, joint and muscle damage.

Curcumin: An active concentrated derivative of Turmeric known for its powerful antioxidant action and potential to reduce inflammation.

Bromelain: A digestive enzyme extracted from pineapple noted to have a positive effect on injury and exercise recovery as well as potentially relieving inflammation in soft tissues including tendons and muscles.

Boswellia: A small tree native to tropical zones of Africa and Asia. As a herb, Boswellia is often indicated for treating inflammation and joint soreness.

Ingredients.

Curcumin (from Turmeric), Bromelain, Boswellia Seratia, Oriental Arborvitae Oil, Water, Potassium Sorbate, Citric Acid, Carboxymethylcellulose (Binding Agent).

Directions for use.

Based on 450-500kg horse.

Recovering from injury: 10ml added to diet per day.

Horses in regular work: 10ml added to diet every second day.

Proudly Australian Made
