Gut Soothing Nutrients
Pre and Probiotics
Mycotoxin Binder
Palatable Aniseed Flavouring

DIGEST & PROTECT™

HYGAIN® DIGEST & PROTECT™ provides complete digestive support in a palatable blend, formulated to stimulate digestion and promote the health of the digestive tract.

RED SEAWEED EXTRACT (Lithothamnion calcareum), is rich in a specific, highly effective source of calcium, known for its superior acid buffering properties.

PREBIOTICS have a defined mode of action, promoting a healthy gut and supporting natural defences essential for optimum health and performance.

PROBIOTICS enhance fibre fermentation and stabilise the microbiome, stimulating activity of beneficial bacteria in the digestive tract.

MYCOTOXIN BINDER traps and expels mycotoxins to protect and support healthy gut function.

DIGESTIVE ENZYMES support the breakdown of feed which improves digestion and the absorption of nutrients.

CONCENTRATED SLIPPERY ELM traditionally used for gastric challenges. Slippery Elm contains mucilage factors which act as a coating agent.

CURCUMIN, is the active compound in Turmeric known for its powerful antioxidant action.

GLUTAMINE & THREONINE, amino acids assist with digestive health. Included to ensure adequate supply to support mucin synthesis and cell regeneration.

ANISEED flavour is highly palatable for horses.

Red Seaweed Extract

Curcumin Powder

Slippery Elm Extract

Nutritional Analysis (as fed)

Protein	3%
Amino Acids	4.2%
Digestive Enzymes	7%
Calcium	19.7%
