Polypodium Leucotomos	Anti-inflammatory
Selenium	Improves Elasticity
Shea Butter	Moisturizes & Firms
Vitamin A, Calcium	Epidermal Cell Development
Vitamin C, D	Metabolizes Calcium
Vitamin E, B6	Metabolizes Dextrose
Vitamin K1	Reduces Bruising
Vitamin K2	Supports Circulation
Zinc	Skin Healing

What is Palmitoylethanolamide (PEA)?

It's a crucial component in K5's Neuropathy Relief+ lotion, derived naturally from food sources like egg yolks and peanuts. Clinical trials have provided compelling evidence backing PEA's efficacy in treating chronic and neuropathic pain.
