Emergency relephone	-44(O)1782 745000 Office Hours Mon-FIT 08.45-18.50		
SECTION 2: Hazards identificatio			
Classification			
Physical hazards	Not Classified		
Health hazards	Not Classified		
Environmental hazards	Not Classified		
2.2. Label elements			
Hazard statements	NC: Not Classified		
2.3. Other hazards			
SECTION 3: Composition/informa	ation on ingredients		
3.1 Composition	This product is not classified as dangerous in accordance with EU Directives. It contains Non-Hazardous Inorganic Metal compounds including an encapsulated Cadmium pigment and fully fritted Leadless fluxes.		
3.1 Composition <u>SECTION 4: First aid measures</u>	Non-Hazardous Inorganic Metal compounds including an encapsulated Cadmium pigment		
	Non-Hazardous Inorganic Metal compounds including an encapsulated Cadmium pigment and fully fritted Leadless fluxes.		
SECTION 4: First aid measures 4.1. Description of first aid measures	Non-Hazardous Inorganic Metal compounds including an encapsulated Cadmium pigment and fully fritted Leadless fluxes. Intes Unlikely route of exposure as the product does not contain volatile substances. Do not induce vomiting. Rinse mouth thoroughly with water. Give a few small glasses of		
SECTION 4: First aid measures 4.1. Description of first aid measu Inhalation	Non-Hazardous Inorganic Metal compounds including an encapsulated Cadmium pigment and fully fritted Leadless fluxes. Ires Unlikely route of exposure as the product does not contain volatile substances.		
SECTION 4: First aid measures 4.1. Description of first aid measu Inhalation Ingestion Skin contact Eye contact 4.2. Most important symptoms an Skin contact	Non-Hazardous Inorganic Metal compounds including an encapsulated Cadmium pigment and fully fritted Leadless fluxes. Ires Unlikely route of exposure as the product does not contain volatile substances. Do not induce vomiting. Rinse mouth thoroughly with water. Give a few small glasses of water or milk to drink. Get medical attention if any discomfort continues.		
SECTION 4: First aid measures 4.1. Description of first aid measu Inhalation Ingestion Skin contact Eye contact 4.2. Most important symptoms an Skin contact	Non-Hazardous Inorganic Metal compounds including an encapsulated Cadmium pigment and fully fritted Leadless fluxes. Inres Unlikely route of exposure as the product does not contain volatile substances. Do not induce vomiting. Rinse mouth thoroughly with water. Give a few small glasses of water or milk to drink. Get medical attention if any discomfort continues. Wash skin thoroughly with soap and water. Rinse with water. deffects, both acute and delayed Prolonged skin contact may cause redness and irritation.		
SECTION 4: First aid measures 4.1. Description of first aid measu Inhalation Ingestion Skin contact Eye contact 4.2. Most important symptoms an Skin contact 4.3. Indication of any immediate r SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from Specific hazards 5.3. Advice for firefighters	Non-Hazardous Inorganic Metal compounds including an encapsulated Cadmium pigment and fully fritted Leadless fluxes. Unlikely route of exposure as the product does not contain volatile substances. Do not induce vomiting. Rinse mouth thoroughly with water. Give a few small glasses of water or milk to drink. Get medical attention if any discomfort continues. Wash skin thoroughly with soap and water. Rinse with water. Ind effects, both acute and delayed Prolonged skin contact may cause redness and irritation. Inedical attention and special treatment needed Use fire-extinguishing media suitable for the surrounding fire. the substance or mixture The product is not believed to present a hazard due to its physical nature.		
SECTION 4: First aid measures 4.1. Description of first aid measu Inhalation Ingestion Skin contact Eye contact 4.2. Most important symptoms an Skin contact 4.3. Indication of any immediate r SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from Specific hazards	Non-Hazardous Inorganic Metal compounds including an encapsulated Cadmium pigment and fully fritted Leadless fluxes. Inlikely route of exposure as the product does not contain volatile substances. Do not induce vomiting. Rinse mouth thoroughly with water. Give a few small glasses of water or milk to drink. Get medical attention if any discomfort continues. Wash skin thoroughly with soap and water. Rinse with water. Ind effects, both acute and delayed Prolonged skin contact may cause redness and irritation. Inedical attention and special treatment needed Use fire-extinguishing media suitable for the surrounding fire. the substance or mixture		
SECTION 4: First aid measures 4.1. Description of first aid measures Inhalation Ingestion Skin contact Eye contact 4.2. Most important symptoms an Skin contact 4.3. Indication of any immediate r SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from Specific hazards 5.3. Advice for firefighters Special protective equipment	Non-Hazardous Inorganic Metal compounds including an encapsulated Cadmium pigment and fully fritted Leadless fluxes. Inters Unlikely route of exposure as the product does not contain volatile substances. Do not induce vomiting. Rinse mouth thoroughly with water. Give a few small glasses of water or milk to drink. Get medical attention if any discomfort continues. Wash skin thoroughly with soap and water. Rinse with water. Ind effects, both acute and delayed Prolonged skin contact may cause redness and irritation. Interfact attention and special treatment needed Use fire-extinguishing media suitable for the surrounding fire. the substance or mixture The product is not believed to present a hazard due to its physical nature. Use protective equipment appropriate for surrounding materials		

6.3. Methods and material for containment and cleaning up

Campbell Road - Stoke on Trent, ST4 4ET - United Kingdom Tel: +44 (0)1782 745000 - Fax: +44 (0)1782 746000 - Web: www.potterycrafts.co.uk ;

6.4. Reference to other sections

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Usage precautions

Read label before use. Do not eat, drink or smoke when using this product. Good personel hygiene procedures should be implemented. Wash hands and any other contaminated areas of the body with soap and water before leaving the work site. 7.2. Conditions for safe storage, including any incompatibilities

Storage precautions

Store in tightly-closed, original container in a dry and cool place.

7.3. Specific end use(s)

SECTION 8: Exposure Controls/personal protection

8.1. Control parameters 8.2. Exposure controls **Protective equipment**

SECTION 9: Physical and Chemical Properties

9.1. Information on basic physical and chemical properties

Appearance
Flash point
Flammability
Oxidising properties
Specific Gravity
Ph
Melting Point (⁰ C)
9.2. Other information

Pinky Yellow Coloured Powder. Not applicable Not applicable None 4-5 7 (Very sparingly soluble in water) Not available

SECTION 10: Stability and reactivity

10.1. Reactivity Reactivity There are no known reactivity hazards associated with this product. 10.2. Chemical stability Stability No particular stability concerns. 10.3. Possibility of hazardous reactions 10.4. Conditions to avoid None known 10.5. Incompatible materials None known 10.6. Hazardous decomposition products None known

SECTION 11: Toxicological information

11.1. Information on toxicological effects

>5000mg/kg
Not known
Not known

Health Effects

Acute toxicity

Prolonged or repeated exposure Occupational Exposure Limits may cause fibrosis of the lungs.

SECTION 12: Ecological Information

12.1. Toxicity	Not known
12.2. Persistence and degradability	The product is chemically stable and will persist in the environment.

- 12.3. Bioaccumulative potential

12.4. Mobility in soil 12.5. Results of PBT and vPvB assessment

- 12.6. Other adverse effects

SECTION 13: Disposal considerations

13.1. Waste treatment methods

General information

Dispose of waste product or used containers in accordance with current Waste Disposal Regulations (for UK Special Waste Regulations 1996). Landfill is the most appropriate method.

POTTERYCR

SECTION 14: Transport information

General

The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).

- 14.1. UN number
- 14.2. UN proper shipping name
- 14.3. Transport hazard class(es)
- 14.4. Packing group
- 14.5. Environmental hazards
- 14.6. Special precautions for user

14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

National regulations

Health and Safety at Work etc. Act 1974 (as amended). The Chemicals (Hazard Information and Packaging for Supply) Regulations 2009 (SI 2009 No. 716).

EU legislation

Dangerous Preparations Directive 1999/45/EC. Dangerous Substances Directive 67/548/EEC.

EC Supply Labelling

P4127 Mandarin Yellow Underglaze Powder For EC number 232-353-3 This product does not require a hazard warning label in accordance with EC Directives.

Note : In accordance with the H.S.E. Approved Code of Practice CHIP, the recipient is reminded of their obligations under both the Health and Safety at Work Act (HSWA) and the Control of Substances to Health Regulations (COSHH) and that the information in any data sheet does not constitute the user's assessment of workplace risk.

15.2. Chemical safety assessment

SECTION 16: Other information		
General information		
SDS number	114	
Hazard Statements in Full	NC- Not Classified	
R & S Phrases R20/21 R36/37 S20/21 S24/25	Harmful by inhalation and if swallowed. Irritating to eyes and respiratory system. When using do not eat, drink or smoke. Avoid contact with skin and eyes.	
Date	8 th January 2018	
Supersedes Date	27 th November 2017
