Set C: 4½x6¼" Bridge Cards

Assembly steps for all cards: Fold along the score lines to create two outer mountain folds and two inner valley folds. Nest the prepared panels onto the outer flaps and center card base. Nest the sentiment onto the 1x6.25" panel. Apply adhesive to the left and right side of the panel only and attach to the card base while flat. Fussy-cut objects from the cutapart sheet and add to the cards, as shown.

(2) Card Folios

Folio Assembly: Fold along all score lines of the 8.5x11" folio papers, including the 45° angles. Use the angled folds to create four pleats that form a rectangular box. Miter the outside corners of the folio flap and apply glue to the tab. Attach the flap to the top edge of the *longest wall* of the folio. Round the corners of the flaps with a punch. Glue down the side walls of the folio, keeping the center areas free of glue. Nest the decorative paper panel onto the flap after rounding the corresponding corners. If desired, pierce a hole through the flower charm with a piercing tool and attach to the front center of the flap with a mini brad. Add a pair of hook/loop dots to the inside of the flap to secure. Slide a set of four cards and four envelopes into the pocket of each folio.
