Preparation:

Trim the papers and cutaparts into sections as indicated by the detailed instructions. While trimming, distribute the pieces to a pile or file designated for each card set as referenced in the diagram. *Prior to trimming the cutaparts, remove approximately 1/8" from the perimeter of each sheet, using the intersecting guidelines on each corner as a cutting guide.*

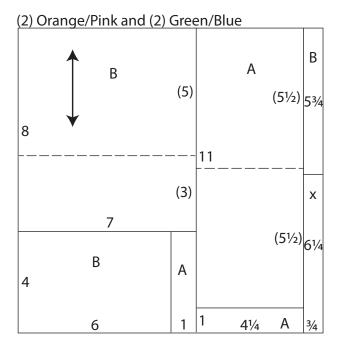

If there is an arrow on the paper trimming diagram, make sure the paper grain dips easily in the same direction as the arrow when placing the paper into the trimmer.

5x7" Card Gift Box

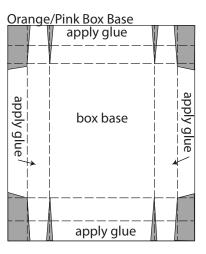

Assembly steps: Position the Orange/Pink Box Base vertically, with the bumps of the score lines facing up. Add darts and remove corners with scissors, exactly as shown in the diagram at right. Fold along all score lines.

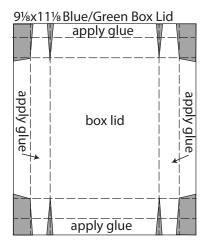

Apply glue to the 1½" scored area on the left and right edges of the piece, and fold along the score line to create a double thickness of paper on the long walls.

Apply glue to the 1½" scored flap on the bottom edge, turn in the 1½x2¼" paper tabs to form corners. Bring the glued flap around the tabs, and secure to form one short wall of the box base. Repeat for the other short wall.

Follow the same steps to create the box lid.

Add the 2x7.25" strip to the left edge of the box lid. Wrap the 4.5x6.5" Print with ribbon and center onto the lid. Nest the "greetings" cutapart onto the plain side of the 2.25x3" Print and adhere.

Set A: 41/4x51/2" Cards

Inside: "Congratulations!"

Assembly steps: Round the outside corners of the folded card base. Round four corners of the 3.75x5" printed panel and center onto the card. Round the corners on one short edge of the 1x4 and 1x4.25" strips and adhere with the non-rounded edge aligned with the edge of the panel.

Nest the sentiment onto the outside of the card and embellish with a basic bow, if desired. Add a set of three small enamel dots to the visible edge of the 1" strips.

Add the cutapart sentiment to the inside of the card, anchored by a paper scrap with two rounded corners.

Inside: "So glad you're you!"

Set B: 5x7" Cards

Inside: "Thinking of you"

Assembly steps: Fold along the score line to create a 3" flap. Round the corners of the card with a punch. Round the right corners of the 3.75x5.75 Print and 4x6 panel and nest together. Center onto the card, adhered to the 3" flap only.

Add the .75x5.75" strip to the left side of the nested panels. Use a trimmer to split the flower-shaped sequin in half while removing the holes in the petals. Adhere the sequins to the narrow strip, aligning the cut edge of the sequin with the edge of the strip. Add a black enamel dot to the center of the bottom sequin.

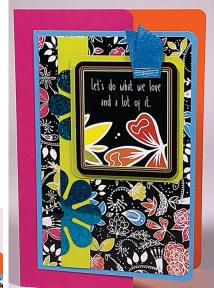

Round the corners of the 2.5x2.75" cutapart and staple a 2" piece of folded ribbon to the top. Nest onto the 2.75x3" panel with rounded corners and adhere to the upper right corner of the card. Add the sentiment to the inside of the card.
