Preparation:

Make sure you are using these instructions to assemble the Shoreline Remix collection. Trim the papers and printed cutaparts as indicated by the written instructions. While trimming, distribute the pieces to a pile or file designated for each double page spread as referenced in the diagram. Prior to trimming the cutaparts, remove approximately 1/8" from the perimeter of each sheet, using the intersecting guidelines on each corner as a cutting guide.

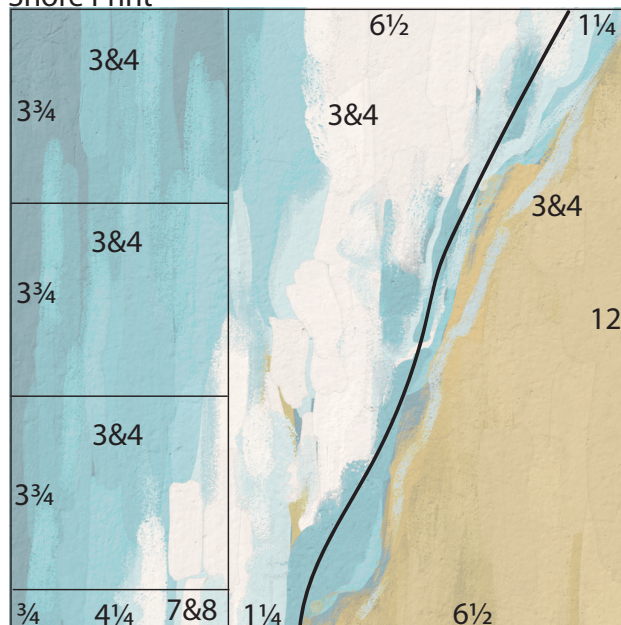

Pre-cut photo mats are not included in this collection. Instead, four additional plain papers are provided.
