

ABOUT A LOUNGE / AAL 87

DESIGN BY HEE WELLING & HAY

The AAL 87 Low fuses the sleek, elegant aesthetics of the four-legged steel frame with the organic curves of the low-backed shell. Retaining the same compact body, shaped armrests and simple, sculpted design that characterise the rest of the lounge series, this design features a functional base with slim, angled legs that slant slightly outwards for optimal stability. The base is available in chrome and powder-coated finishes, and the shell is offered in a variety of upholstery options, providing a multitude of design combinations that give this series versatility in a wide range of corporate, public and private contexts.
