TRX

YOUR COMPLETE SOLUTION

At TRX, we believe that functional training is a progressive movement. This progression demands a cohesive platform of innovative gear and activation by way of professional education, dynamic programming, and innovative design consultation to ensure your facility is properly outfitted to deliver the best functional training experiences.

GEAR

Whether you're looking to diversify your circuits with TRX, or build out an extensive Functional Training Zone, TRX has the highest quality gear and anchoring/storage solutions customizable for any member and space.

ACTIVATION

TRX will set you up for success with world-class education and programming, designed to attract, inspire, and motivate members. We'll also provide you with the marketing tools you need to successfully launch and promote TRX programs within your facility.

DESIGN CONSULT

Your TRX Rep will work with you from start to finish to concept, design, develop, render, and deliver the perfect space to accommodate your functional training needs.

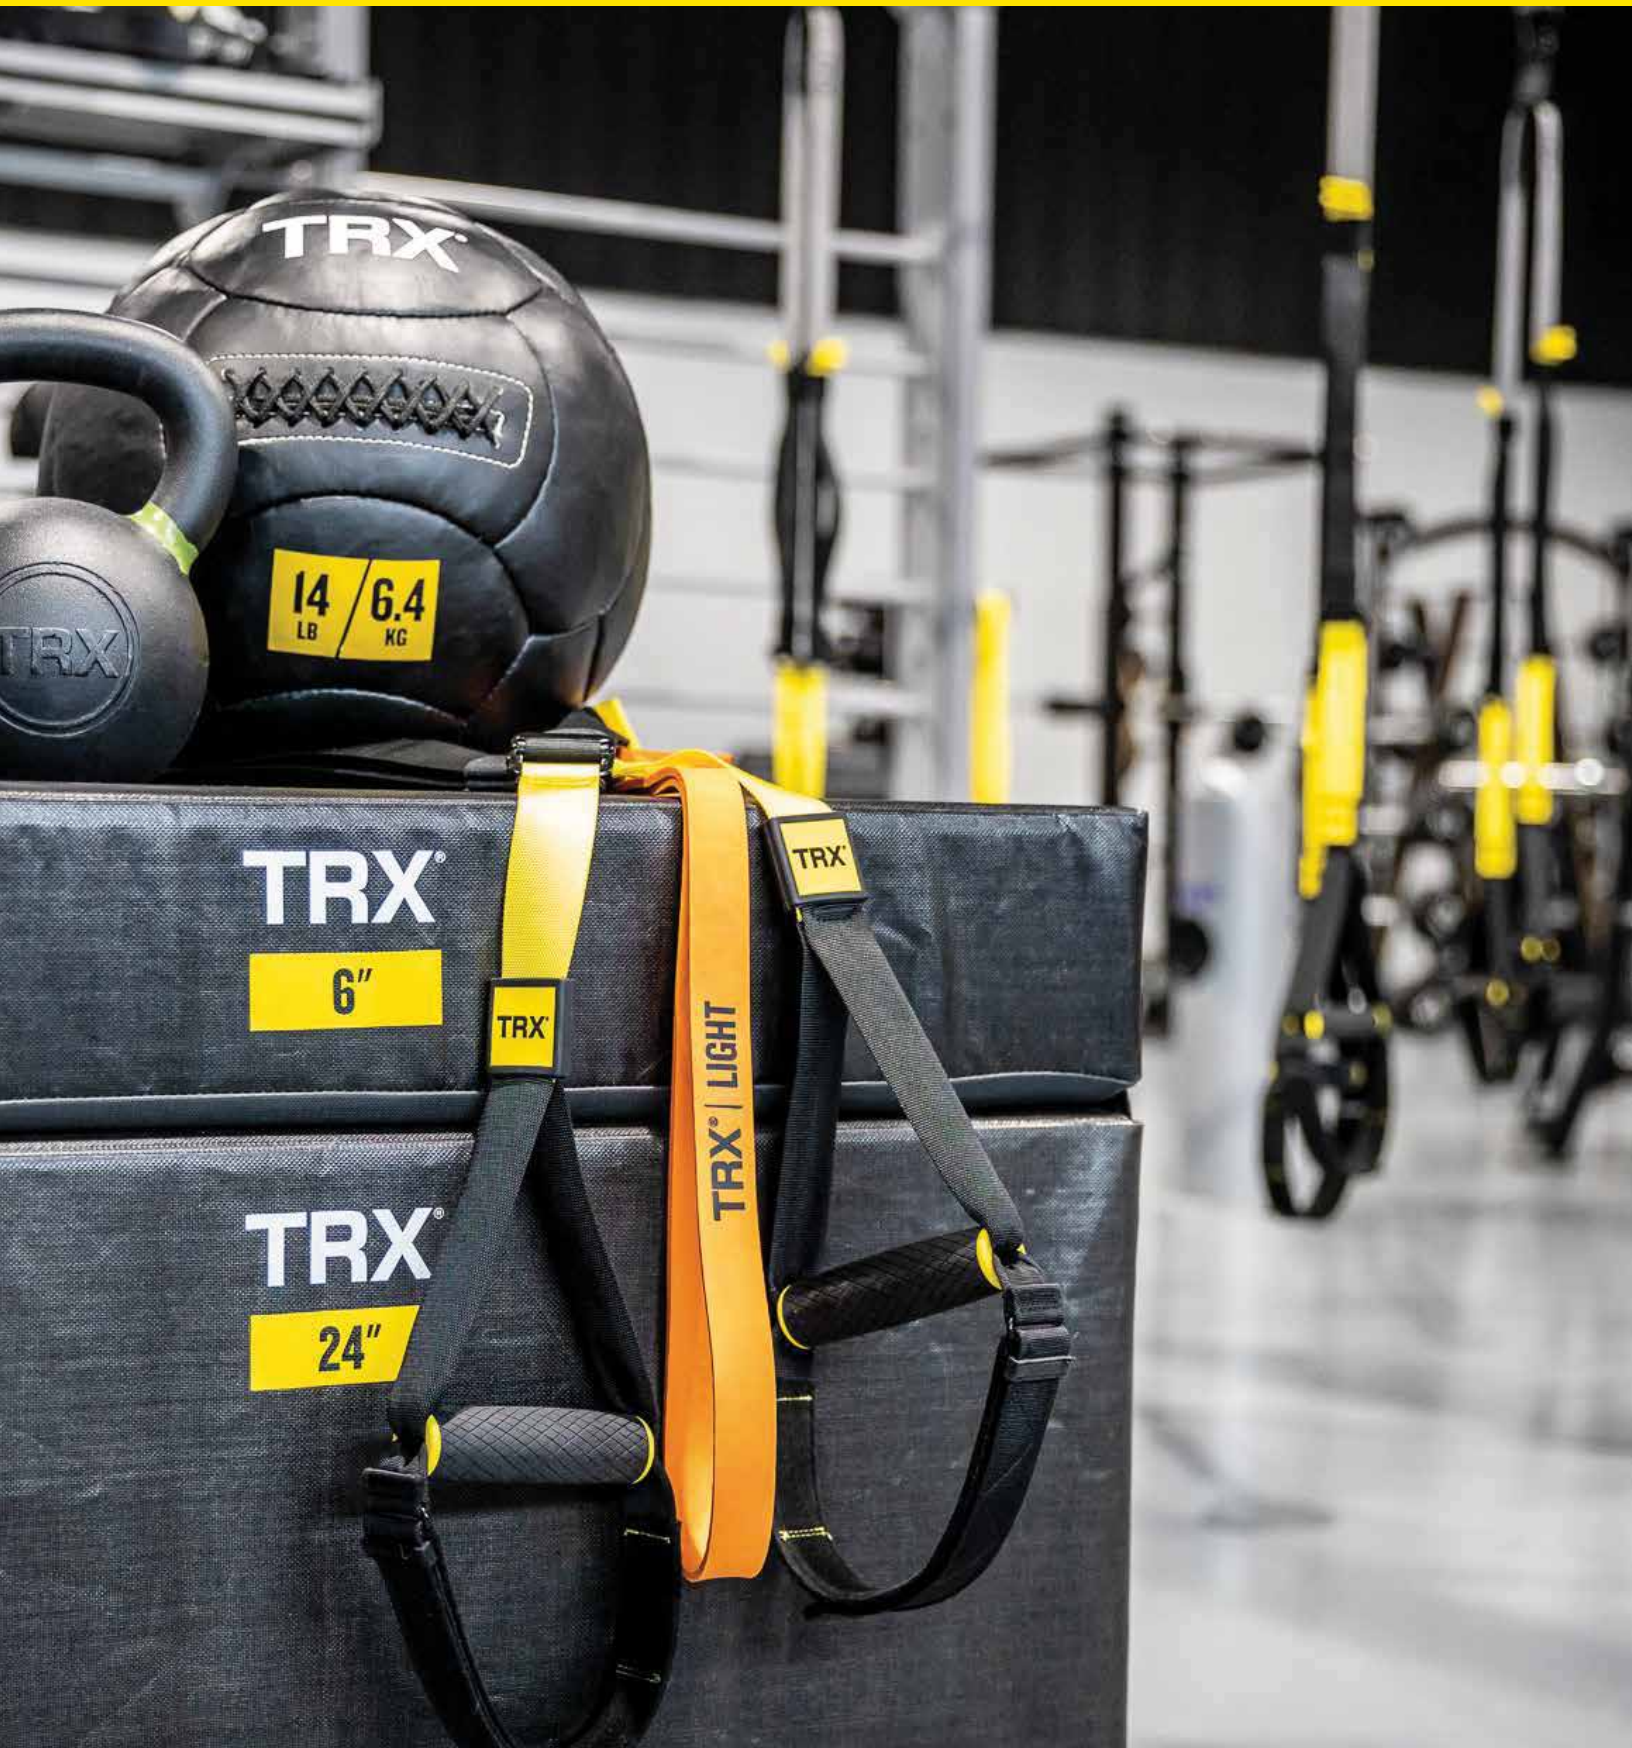

TRX

TRAINING TOOLS

INCLUDES:

- COMMERCIAL SUSPENSION TRAINER
- RIP TRAINER
- FUNCTIONAL TRAINING TOOLS
& XD KEVLAR®
- STRENGTH TRAINING TOOLS
WITH KEVLAR®
- SUPPLEMENTAL TRAINING TOOLS

TRX COMMERCIAL SUSPENSION TRAINER™

Based on 15 years of feedback and testing, we have created our best Commercial Suspension Trainer to date. Designed to meet the demands of high-volume usage in commercial environments, the TRX® Commercial Suspension Trainer™ combines a fresh new look and updated features to be our most durable and user-friendly product yet.

FEATURES

ADJUSTABLE FOOT CRADLES

Custom fits to any foot size to prevent slippage.

PADDED TRIANGLES

Smooth, padded webbing for enhanced comfort.

RUBBER HANDLES

Anti-slip texture increases grip for safety, ergonomics, & comfort.

LOCKING CARABINER

Keep your investment safe and secure.

TRX RIP TRAINER™

The TRX® Rip Trainer™ is the perfect tool for blasting calories, increasing cardiovascular endurance and developing rotational core strength that mirrors the way you move in sports and in life. The TRX® Rip Trainer™ can be attached to any secure anchor point for a challenging full-body workout.

INCLUDES:

- 42 inch bar (1.1 m) with commercial-grade rubber handles, disassembles into two pieces for easy portability.
- A medium resistance cord with protective nylon safety sleeve
- Industrial-strength carabiner rated for maximum durability.
- Other resistances available ala carte.

TRX FUNCTIONAL TRAINING TOOLS & XD KEVLAR®

[BALLS | BAGS | KETTLEBELLS | BOXES | ROPES]

Complete the 360-degree TRX Functional Training experience in your facility with our complete line of extra durable Functional Training Tools and XD Kevlar®. TRX BASIC ANCHORING & MOUNTING

TRX's first line of commercial-grade steel anchoring solutions have stood the test of time.

Simple yet effective, our dynamic line of anchoring and mounting products provide a seamless integration into your facility and heighten the Suspension Training experience for your members.

TRX S-FRAME

The TRX S-Frame is a commercial grade steel, elevated structure that can support up to 22 TRX Suspension Trainers. Ideal for group training, it can also support other hanging exercises and equipment including heavy bags, conditioning ropes, and Rip Trainers.

PRODUCT SPECIFICATIONS

Sizes: 5', 10', 15', 20', 25', 30FT

Heights: Standard (8'3") & Elevated (9')

Material: Commercial-grade steel

Warranty: 1 year

TRX MULTIMOUNT

Designed for Suspension Training® and Duo Training™, this sturdy, industrial-grade steel, wall mounted pull-up bar comes in 7 foot increments, enabling you to train more people in less space. An ideal destination for pull-ups and hanging exercises.

The TRX MultiMount can also support heavy bags and provides overhead storage for exercise balls.

PRODUCT SPECIFICATIONS

Sizes: 7', 14', 21FT (3 Suspension Trainers per 7')

Material: Commercial-grade steel

Warranty: 1 year

TRX SINGLE MOUNT

Designed for Suspension Training® and Duo Training, this sturdy industrial-grade steel wall mounted unit is perfect for training in small spaces.

PRODUCT SPECIFICATIONS

Size: 22" W x 21.86" H

Material: Commercial-grade steel

Warranty: 1 year

TRX TRUSS

The TRX Truss is the perfect solution for those looking to creating the optimal overhead solution for TRX Suspension Training. These truss pieces come in 4.5FT increments and can be connected up to 30FT.

PRODUCT SPECIFICATIONS

Section Sizes: 4' 6" (holds up to 3 Suspension Trainers)

Weight: Approx. 51 LBS

Material: Commercial-grade steel

Warranty: 1 year

TRX XMOUNT®

A small and sturdy piece of hardware that provides an easy anchor for TRX Suspension Trainers or Rip Trainers.

PRODUCT SPECIFICATIONS

Size: 4.5" diameter

Colors: Steel Grey or White

Material: Commercial-grade steel

TRX RIP® GROUP STATION

The TRX Rip® Group Training Station supports groups of up to 10. Made of high-grade steel, this collapsible station includes a cable and lock.

Wheels allow for easy portability inside or out.

PRODUCT SPECIFICATIONS

Weight: 100 lbs

Material: High-grade steel

Warranty: 1 year
