

These statements have not been evaluated by the FDA and are not intended to diagnose, treat, or cure any disease. Always check with your physician before starting a new dietary supplement program. Take caution when using any kind of CBD product. THC screening can be inaccurate sometimes. CBD can also metabolize in such a way that presents a false positive during lab testing. For these reasons, take any and all CBD products at your own risk. You should always talk with your doctor before starting any CBD supplement, oil, gummies, etc. This product is not for use by or sale to persons under the age of 18. This product should be used only as directed on the label. It should not be used if you are pregnant or nursing. Consult with a physician before use if you have a serious medical condition or use prescription medications. A doctor's advice should be sought before using this and any other supplement.
