### REDCHURCH & LAINE BREWERY AT THE BIKE SHED...

The giant copper tanks and the pipework that bridges the doors to the terrace are not just there for show. These 3 tanks hold a total 1500 litres of Redchurch Lager & Laine Sonar Hazy IPA brewed at Redchurch Brewery just up the M11 in Harlow.

However, Redchurch began right here in Shoreditch in 2011, moved to Harlow in 2016 and subsequently became part of Laine Brewing in 2022.

Without a beer cellar in the arches, and with the railway not in favour of us digging, meant we were unable to offer beer in the traditional way in kegs or barrels.

As such, a more modern solution to provide draft beer was to install tank beer. The beer is kept brewery fresh as it doesn't come into contact with the air until we pour it into your glass. It doesn't need to be pasteurised or filtered, so it continues to keep its flavour right up to the moment you take your first sip!
