

Bonaparte Overruns Piedmont

Update

3 March 2023 For Study Folder v. 1.61K **only**

Study

25.95 Clearing Roadblocks: The initiative of roadblocks (needed to resolve shock combat) is [3]; an attack by a 3 or better will cause it to be cleared. If attackers from more than one hex join in, the regular CRT is used; treat "Ex" results as "no effect."

Remain in contact

27.15 (Actually, only one of the I.P.s is occupied at start).

31.2 Au. ALT: Add ARGENTEAU, Kerpen to ALT #1.

32.43 Sudden Death: If the Austrians achieve a Strategic Victory at Montenotte, this also brings about the end of the campaign. Sudden Death **ONLY** applies to Montenotte, not the other battles.
