benben

suspension lamp

benben

The Benben has a playful look and feel. The totem characterizes the design of the benben collection. It reminds you of 18th century Dutch wood -turning craftsmanship. The pendant lamp is beautiful on its own or as a group, forming a superb art piece.

COCO

suspension lamp

COCO

The smooth Coco, designed by Jacco Maris and Wesly Boom, is shaped with the least amount of fuss. It has the look of a floating line of light. Beautiful diffuse light is spread through the translucent natural acrylic stone which is completely illuminated by the built-in LED element. The Coco collection is presented in 120, 160, 200 and 240 cm. It is available as a special in larger sizes.

framed

The Framed collection, designed by Jacco Maris, is a collection of basic geometric shapes made of hot rolled steel profiles. The lighting system is integrated in the steel frame. The light lines displayed by this design emphasize the interior architecture in a unique way. They create a light spectacle against wall, ceiling, floor or table. The robust steel frame gives this collection a high functionality and multiple possibilities in terms of shape and scale.

ode 1647

chandelier ceiling lamp wall lamp

ode 1647

As the name implies, the Ode 1647 collection from Jacco Maris Design is an ode to the luxurious chandeliers of the early seventeenth century. For this exciting collection the designer used new materials and techniques and thereby created a whole new asset for the high end chandelier market. The Ode 1647 collection consists, besides the chandeliers, of ceiling and wall lamps. The fixtures are available in several velvet shades. The Ode 1647 instantly adds glamour to any luxurious interior space.

solo

The Solo collection is named after Jacco Maris' dog Solo, who unfortunately passed away. A small paw print on the fixture is a subtle memorial to him. Each Solo is cast and polished by hand. Unique pieces of design, with a warm natural appearance due to its texture, that are provided with a pleasant diffuse light. They therefore have a quiet presence, yet a luxurious feel. The Solo collection is available in powder coated aluminium and bronze and can be finished with leather.

what?

what?

The What? takes you right back to the early days when candles had just been replaced by electrical lights. The beginning of a new era. What? is crafted out of high quality materials that remind you of those times, but are now linked to modern times by LED technology. The wall plate is cast in bronze and the light, spread around the room, has that familiar old-fashioned glow.
