Aqua Morganianum Horizontal

REFERENCE AP1423/6

DESCRIPTION

Inspired by Winter water drops. The Aqua Collection is an iconic set of the Serip family, both by its element of inspiration and by its inherent association with our identity, expressing a strong connection to our main inspiration source, nature. The bronze structure expands in entangled branches that lead to floating glass pieces, a characteristic that concedes an airy touch together with its delicate and elegant look, concepts visible in the smallest detail of the glass drops. Through several chromatic choices and design options, the Aqua Collection presents itself as an exquisite nature-inspired piece, perfect for any concept.

CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.
