

Marylebone - Rich Toffee Oak

Product Description

Are you looking to invest in flooring that will stand the test of time? Reproducing the unique beauty of an antique floor, Rich Toffee Oak engineered wood floor stands out in any interior. The luxurious brown colour palette and prominent grain textures can make any modern living space look warm and inviting. The planks measure 130mm in width, offering the opportunity to fit the floor as a parquet design. Crafted to stand the test of time in a busy family home, this engineered wood floor comes with 14mm thick planks and a 2.5mm solid oak veneer. The surface is brushed to enhance the beauty of the natural material, and lacquered to protect against scratches and stains. For best results, we recommend the use of glue alongside the click installation system. This flooring is only suitable for underfloor heating, when glued down completely. Otherwise, for a floating installation, only the first row needs to be glued. Don't

Range Details	Properties	Technical Data	Technical Specification
Finish	Brushed & Lacquered	Fire Certification	Dfl-S1
Species	Oak	Slip Resistance	NPD
Grade	Prime	Thermal Conductivity	0.14W/mK
Veneer	2.5mm	Wear Resistance	WR1
Thickness	14mm	PCP Content	not detected
Board Width	130mm	Formaldehyde Rating	E-1
Board Length	725mm	VOC Emissions Rating	340 ug/m3
Pack Coverage	0.65m2		
Boards per Pack			
Wood Origin	Europe
