# Ride-On base machines: Cleanmeleon 2 PRO series (CM2 PRO)

Article no.	Type	
<b>CM2 PRO base machine (without hydraulic)</b>		
	<b>101083</b>	<b>CM2 PRO, Honda - GXV 390 petrol <u>with electric start</u></b> without hydraulic, incl. operating hours counter - This model is for scraping functions only, attachments listed below: 101084 + 101085
	101084	ASS 900 - Double scraper (or ASS 800) (working width 900mm, or 800mm if option selected)
	101085	Pushing shield 80 - 160 (Working width 80 - 160 cm adjustable)

<b>CM2 PRO base machines (with hydraulic)</b>		
	<b>101030</b>	<b>CM2 PRO, Honda - GXV 390 petrol <u>with electric start</u></b> with hydraulic (6,0 l / min., 18 ltr. / min delivery volume), with hydraulic lifting of attachment (incl. floating position) incl. operating hours counter - Needs Oil Cooler (101038) for certain attachments
	<b>101081</b>	<b>CM2 PRO, Loncin 2-cylinder petrol <u>with electric start</u></b> with hydraulic (6,0 l / min., 18 ltr. / min delivery volume), with hydraulic lifting of attachment (incl. floating position) incl. operating hours counter - Needs Oil Cooler (101038) for certain attachments
	<b>101064</b>	<b>CM2 PRO, Hatz Diesel <u>with electric start</u></b> with hydraulic (6,0 l / min., 18 ltr. / min delivery volume), with hydraulic lifting of attachment (incl. floating position) incl. operating hours counter - Needs Oil Cooler (101038) for certain attachments

<b>E-Lectric/Hylectric base machines</b>		
	<b>101086</b> 	<b>CM2 PRO E-Lectric</b> with 4 x 12 V batteries with integrated charger - This model is for scraping functions only
	<b>101087</b> 	<b>CM2 PRO E-Lectric<sup>+</sup></b> with 4 x 12 V batteries with integrated charger with functions to operate moving attachments
	<b>101088</b> 	<b>CM2 PRO Hylectric Power<sup>+</sup></b> with 4 x 12 V batteries with integrated charger with Loncin 2-cylinder petrol engine (also recharges batteries whilst working on petrol power) with functions to operate moving attachments (Does not power attachments that require hydraulics) ("Hylectric" = "Hybrid")

<b>Additional equipment for the CM2 PRO series and E-Lectric / E-Lectric<sup>+</sup> / Hylectric Power<sup>+</sup></b>		
101068	Set of counterweights, side fitting - approx. 62 kg (removable) (up to 2 sets possible)	
101061	Set of counterweights, rear fitting - approx. 57 kg (removable)	
101038	Oil cooler (only for hydraulic machines, required for some attachments)	
101036	Light system: front and backlight	
101037	Rotating orange beacon light	
101094	Power Plate charging station (only for E-Lectric, E-Lectric <sup>+</sup> and Hylectric models) (Not compulsory. Machines provided as standard with a plug to connect into normal power outlet)	

# Additional equipment: Cleanmeleon 2 PRO series | E-Lectric/Hylectric series

Article no.	Type	Attaching machines for Ride-On"s: CM2 PRO series and E-Lectric / E-Lectric <sup>+</sup> / Hylectric Power <sup>+</sup> series	
	<b>101039</b>	<b>R1000 - Radial brush, PPN brush</b> (only for hydraulic models)	Working width 1000mm
	100710	Side plate - right	
	100711	Side plate - left	
	<b>101040</b>	<b>R1000 - Radial brush, wire brush</b> (only for hydraulic models) <i>(*Oil cooler* and 2-cylinder-engine necessary)</i>	
	<b>101089</b> 	<b>R1000 E - Radial brush, PPN brush</b> (only for E-Lectric <sup>+</sup> /Hylectric models)	
	BS-00-00013	Spare Brush, R1000 Poly (fits all models of R1000)	
	BS-00-00019	Spare Brush, R1000 Wire (fits all models of R1000)	
	<b>101043</b>	<b>WKB550 - Weed brush, wire</b> (only for hydraulic models) <i>(*Oil cooler* and 2-cylinder-engine necessary)</i>	Working width 550mm - articulated through 180°
	100062	Windrow maker	
	BS-00-00023	Spare Brush, WKB550 Wire	
	<b>101043-PATH</b>	<b>Path Re-Edger, hydraulic, inc 6 x 16mm Brushes</b> (only for hydraulic models) <i>(*Oil cooler* and 2-cylinder-engine necessary)</i>	Working width 550mm
	16mm-EDGER-BRAID-1PC	Spare Brushes Path Re-Edger - spare brushes 16mm (price per braid)	
	<b>101032</b>	<b>AX1200 - Axial sweeper</b> (only for hydraulic models) <i>(*Oil cooler* and 2-cylinder-engine necessary)</i>	Working width 1200mm
	101053	Side brush - right	
	BS-00-00024	Replacement Brush, AX1200 Horizontal Brush Poly	
	KT-00-00056	Replacement Brush, AX1200 Horizontal Roller, Foam	
	BS-00-00001	Replacement Brush, AX1200 Side Brush Poly	
	<b>101054</b>	<b>Snow plough</b> (only for hydraulic models)	Hydraulic swing Working width 1600mm
	<b>101047</b>	<b>Pushing shield 80 - 160</b> (available only for hydraulic and all electric models)	Working width 800 - 1600 mm adjustable
	<b>101085</b>	<b>Pushing shield 80 - 160</b> (available only for non-hydraulic models) - also listed on opposite page	Working width 800 - 1600 mm adjustable
	<b>101033</b>	<b>FA800 - Feed auger</b> (for hydraulic models)	Working width 800mm
	101072	Side brush R 650 (only for hydraulic models)	
	<b>101091</b> 	<b>FA800 E - Feed auger</b> (for E-Lectric <sup>+</sup> /Hylectric models)	
	101095	Feed dispenser	
	<b>101044</b>	<b>ASS900 - Double scraper</b> (available only for hydraulic and all electric models)	Working width 900mm
	<b>101084</b>	<b>ASS900 - Double scraper</b> (available only for non-hydraulic) - also listed on opposite page	Working width 900mm
	101045	Side brush, hydraulic (only for hydraulic models)	
	101007 	Side brush, electric (only for E-Lectric <sup>+</sup> /Hylectric models)	
	KT-00-00085	Replacement Front Rubber Lip ASS900	
	KT-00-00086	Replacement Rear Rubber Lip ASS900	
	<b>100987</b>	<b>EG580 - Spreader, trailer version</b> (only for hydraulic models)	Volume 580 ltr., incl. agitator
	<b>101048</b>	<b>Lime and feed spreader</b> (only for hydraulic models)	Manual swing
	<b>101079</b>	<b>Light goods bucket</b> (only for hydraulic models)	Bucket made of varnished steel Volume 115 litre Working width 800mm
