

Ambience Twin Multi-Link Roller Blind

Product Information

Ambience Twin Multi-Link Roller Blind is an elegant and practical solution for day and night use. Used to operate multiple blinds for larger window spans with a single chain, eliminating unsightly cords. Resulting in better light control, greater privacy, uninterrupted views, and indoor/outdoor accessibility.

Suitable for both Commercial and Residential use.

The system can utilise a combination of any of the Verosol Roller Fabrics – select a blackout fabric for total privacy or a transparent or semi-transparent fabric to provide vision through.
